

2011

**PRELIMINARY
OPERATING BUDGET**

City of Winnipeg

Letter from the Mayor and the Chairperson of the Standing Policy Committee on Finance

March 7, 2011

TO ALL MEMBERS OF COUNCIL

Re: Preliminary 2011 Operating Budget and Financial Plan for 2012 and 2013

Today, we are pleased to table the Preliminary 2011 to 2013 Operating Budget. This three-year financial plan sets the course for our City. After weathering the past years' economic downturn, we must continue to move forward, implementing plans for the future.

Consistent with the priorities expressed by citizens in last year's election, this budget focuses on public safety and crime reduction. Council has committed to an additional 58 police officers, and included in 2011 are 32 police officers toward that commitment. The remaining 26 officers are included in 2012. The number of auxiliary force cadets in the Police Service is growing to 50 (from 30 in 2010). Cadets promote safety and security throughout the City, build positive relationships with the community and allow police members to concentrate on core policing duties.

2011 is also the first year of the police helicopter operation. This exciting new program, through equipment and technology, will improve the safety of all citizens and police personnel. The efficiency and effectiveness of the service provided by our Police Communications Centre has also been strengthened by the 11 additional call handlers and 8 police communications officers authorized at the end of 2010 and now annualized in this budget. Investment in the Police Service has increased by \$12.2 million to \$202.1 million compared to 2010.

Also under the topic of quality emergency services, effective response times must be maintained as our City grows. Therefore, the 2011 budget authorizes 20 additional firefighters for the new Sage Creek Station. Investment in the Fire Paramedic Service has increased by \$5.7 million to \$143.3 million in the 2011 budget. In total, public safety investment has grown by \$17.9 million from the 2010 level.

This budget also includes important investments in front line service departments, \$171.3 million for Public Works, \$100.8 million for Community Services, and \$38.5 million for Planning, Property and Development. We continue to support our communities through these core services.

The City operating grant to the Assiniboine Park Conservancy has increased to \$10.7 million in 2011, along with the significant capital funding provided. Much progress has been made under the new governance model for the park. The City is pleased to assist this important initiative for the benefit of all Winnipeggers and all visitors to Winnipeg's largest park. Library hours have also been expanded at the Millennium Library in this budget. An increase in funding for the Winnipeg Humane Society and the Broadway Neighbourhood Just TV program to offer our young people positive alternatives, has been included as well.

The 2011 operating budget again holds the line on property taxes, the 14th year in a row. 2011 property tax revenue will remain at 2010 levels, adjusted for new assessable properties. Consistent with previous years, we want to foster new business and provide real opportunity in our City. The Small Business Tax Credit will be enhanced in 2011 to provide a full rebate of municipal business tax for the City's smallest businesses. Approximately 38% of all businesses will receive a tax credit reducing their business tax to zero.

Council's new Basement Flooding Protection Subsidy program of \$1 million has been included in the Sewer Utility. This annual program will help many Winnipeggers implement steps necessary to mitigate present and future risk. Also, as part of the utilities' budget, a new dividend policy is being introduced. A dividend payment to owner organizations from utilities is consistent with practices in other western Canadian cities.

Although we recognize the significant funding received from the Province for City priorities, the continuation of our valued service levels remains a challenge for future operating budgets. This challenge is not unique to our city, and that is why we continue to work with other municipalities to seek funding models that can sustain Canadian cities, while making sure our own house is in order by our commitment to ongoing efficiencies within the City organization. The bottom line is that Winnipeg also needs new revenue streams including growth revenues, to ensure its long term financial sustainability.

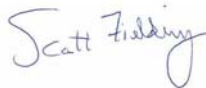

In recognition of our infrastructure maintenance challenges, this budget includes an increase in the Street Renewal Frontage Levy. This revenue will be used for necessary upgrading, repair, replacement and maintenance of streets and sidewalks. This levy has not been increased since 2001, although there have been significant increases in construction inflation during that time.

We believe this budget uses a responsible and fair approach to balance revenues and expenditures, creating a strong foundation to build sustainability. We invite all Councillors and citizens to continue the discussions to finalize this 2011 budget and the financial framework for future years over the next number of weeks.

Respectfully submitted,

Sam Katz,
Mayor

Scott Fielding, Chairperson,
Standing Policy Committee on Finance

RECOMMENDATIONS

- 1. a) That the 2011 Preliminary Operating Budget, including the budgets for reserves (Appendix 2), be approved and forwarded to all Members of Council for their review; and
 - b) That the 2012 and 2013 projections be received as information on the preliminary financial plans for those years.
- 2. That the City’s mill rate remain fixed at the 2010 level of 15.295.
(Note: 2011 property tax revenue will remain at 2010 levels, adjusted for new assessable properties).
- 3. a) That the City’s business tax rate remain unchanged at 6.39% for 2011.
(Note: 2011 business tax revenue will remain at 2010 levels, adjusted for new assessable businesses).
 - b) That Council enact the attached Small Business Tax Credit by-law under Subsection 219(2) of the City of Winnipeg Charter, which will provide a full rebate of municipal business taxes for businesses with an annual rental value of \$19,800 or less in 2011.
- 4. That the combined uniform rate for the Street Renewal Frontage Levy be increased from \$2.55 per frontage foot to \$3.75 per frontage foot (an increase of \$1.20 per frontage foot), proportionately divided between the water main and sewer main rates on the basis of the current rates, to be used for upgrading, repair, replacement and maintenance of streets and sidewalks.
- 5. That the fees, levies, and transfers between funds outlined in the 2011 Preliminary Operating Budget be approved.
- 6. That \$5 million in prior years’ tax supported capital surplus identified in the recent capital review and \$7.899 million from the Capital Investment Fund be utilized to reduce debt and finance charges in the 2011 tax supported operating budget.
- 7. That the Director of Public Works be the Fund Manager for the Insect Control Reserve Fund and the Director of Corporate Support Services be the Fund Manager for the Computer Replacement Reserve Fund.
- 8. That the balance in the Permit Reserve Fund be capped at \$2 million from the current \$3 million and any surplus funds above the \$2 million cap be transferred to the Planning Property and Development Department in the General Revenue Fund.
- 9. That the following reserves with a zero or near zero residual balance be closed: the Aqueduct Rehabilitation Reserve, the Assiniboine Park Enterprise Reserve, and the Idea Bank Reserve.

10. That effective January 1, 2011, the Equity in Capital Assets Fund be consolidated into the General Capital Fund.
11. That the Utility Dividend Policy in Appendix 3 be approved.
12. That the following fees be adopted for appeals submitted to the Board of Revision in regards to Business and Realty Assessment:

<u>Assessed Value of Property Subject to Appeal</u>	<u>Appeal Fee</u>
Single Family Residential Properties/Residential Condos	\$50
All Other Properties:	
Less than \$500,000	\$50
Between \$500,000 and \$5,000,000	\$10 per \$100,000 of Assessed Value
Over \$5,000,000	\$500

with all fees refundable upon an appeal deemed successful.

13. That the Chief Administrative Officer be delegated the authority to allocate cost efficiency measures on a budget neutral basis.
14. That the Director of Legal Services and City Solicitor be requested to submit the necessary by-laws to implement the above recommendations.
15. That the Proper Officers of the City be authorized to do all things necessary to implement the foregoing, including the execution of any documents related thereto.

2011- 2013 Preliminary Operating Budget

March 7, 2011

BUDGET CONTEXT

- New Term of Council
- Multi-year view
- Pre-budget consultation sessions
- New financial framework being developed
 - Financial Management Plan
 - Debt Strategy

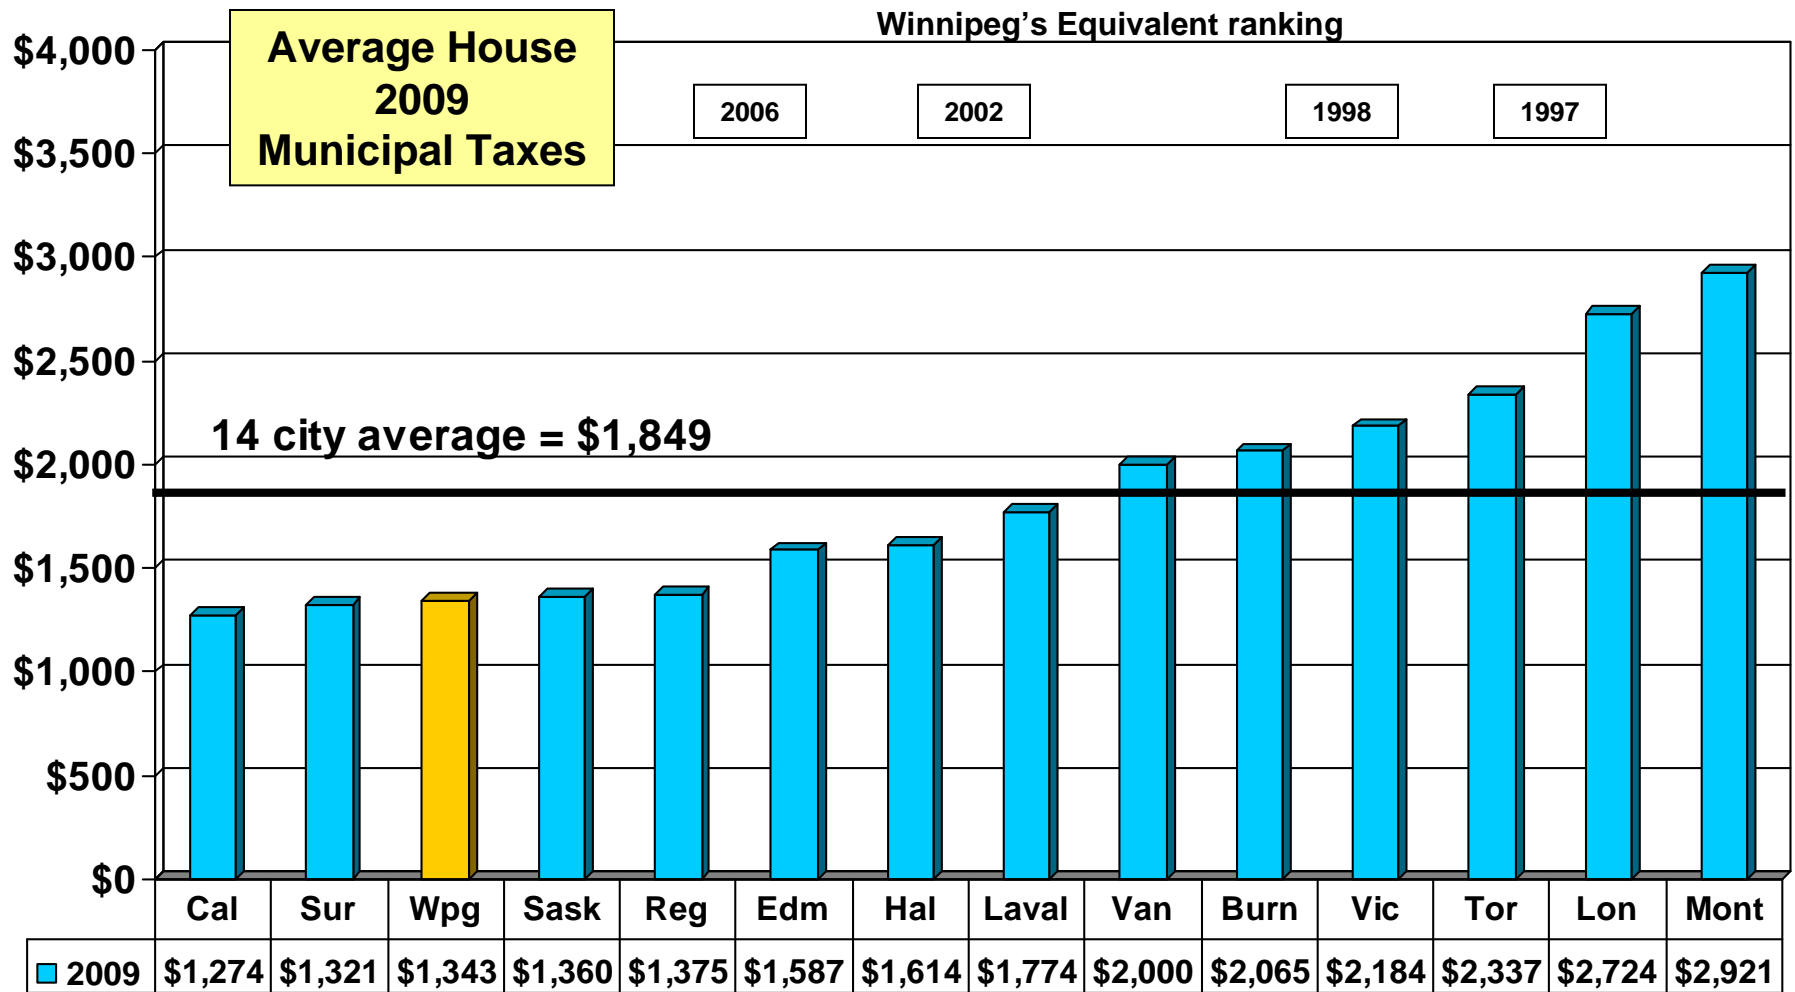

2011 HIGHLIGHTS

- No increase in property tax - 14 consecutive years
- Enhanced small business tax credit program - \$3.5 million to eliminate business tax for the smallest businesses (38% of all businesses)

Tax Supported

Winnipeg's residential municipal property taxes are more competitive than 10 years ago

Source: City of Edmonton 2009 Residential Property Taxes & Utility Charges Survey, released January 2010.
 Out of 21 cities in survey, used 14 largest cities (Regina and larger approx 200,000 plus population) that provided average data.

Roadway Construction and Maintenance

Includes:

- *Bridge Construction & Maintenance*
- *Regional Streets Construction & Maintenance*
- *Local Streets Construction & Maintenance*
- *Regional Sidewalk Construction & Maintenance*
- *Local Sidewalk Construction & Maintenance*

Description

To provide citizens with access to well-maintained roadways, sidewalks and bridges in order to ensure the safe, efficient movement of people, goods and services.

Key Goals

1. Develop and implement Roadway Asset Management systems.
2. Support Downtown revitalization.
3. Provide optimized delivery of infrastructure projects.
4. Utilize principles of environmental stewardship.
5. Coordinate processes with other major project stakeholders.
6. Implement active transportation components in regional street projects where feasible.

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Condition of Major Streets (such as Portage or Pembina)

In 2010, the level of citizens who were somewhat or very satisfied with the condition of major streets was just under 60%; considerably higher than in 2007 and 2009.

	2003	2004	2007	2009	2010
Total Satisfied	45.7%	60.2%	51.8%	45.9%	59.4%

Citizen Satisfaction with Condition of Residential Streets in Neighbourhood

The level of citizens reporting somewhat satisfied or very satisfied with residential streets increased since the 2007 and 2009 surveys. The Capital Budget for local streets has increased from \$21.4 million in 2009 to \$22.4 million in 2010.

	2003	2004	2007	2009	2010
Total Satisfied	55.0%	61.0%	51.0%	52.3%	60.8%

Average Condition of Regional Streets - 2009

Edmonton uses a 5 point scale which has been collapsed to make it comparable to Winnipeg.

Most Canadian cities have more asphalt pavement than Winnipeg which uses concrete pavement to a much greater degree. Winnipeg uses concrete as many areas sit on weak susceptible soils or highly expansive clay soils. Using concrete is seen as a way to "bridge" these weak soils, eliminating the need to dig out and replace poor sub surface material.

Wpg.Trend	Condition	2005	2006	2007	2009
	Good	46.9%	42.5%	44.4%	56.2%
	Fair	28.6%	32.1%	38.0%	26.6%
	Poor	24.5%	25.4%	17.6%	17.2%

Source: Winnipeg Public Works Dept., Edmonton Transportation Dept.

Winnipeg did not conduct a review of the condition of regional streets in 2008; however, the department has completed a review of the condition of regional streets in 2009. It showed an increase in the percentage of regional streets rated as good from previous years. In 2005, a less costly method of rehabilitating roadways known as "mill and fill" was introduced and has increased the amount of regional street lane kilometres in the good condition rating category.

Roadway Construction and Maintenance

Average Condition of Local Streets - 2009

A higher percentage of Winnipeg local streets were rated in good condition than Edmonton local streets in 2009. However, Edmonton has more streets rated as fair than Winnipeg.

Winnipeg did not conduct a review of the condition of local streets in 2008; however, the department has completed a review of the condition of local streets in 2009.

Wpg. Trend	Condition	2005	2006	2007	2009
	Good	58.2%	56.9%	58.1%	61.7%
	Fair	24.7%	25.4%	25.5%	18.4%
	Poor	17.1%	17.7%	16.4%	19.9%

Source: City of Winnipeg Public Works Dept., City of Edmonton Transportation Dept.

Efficiency Measurements

Paved Roadway Operating Costs per Lane km - 2009

Winnipeg's paved roadway operating costs per lane kilometre are comparable to Edmonton.

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	n/a	\$2,235	\$2,343	\$2,465

Source: City of Winnipeg Public Works Dept., City of Edmonton Transportation Dept.

Unpaved Roadway Operating Costs per Lane km - 2009

Winnipeg's costs include gravelling, chip sealing, blading, dust control and oiling of unpaved roads.

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	n/a	\$6,395	\$6,276	\$7,042

Source: City of Winnipeg Public Works Dept., City of Edmonton Transportation Dept.

Roadway Construction and Maintenance

Average Cost to Rehabilitate/Reconstruct by Street Type per Lane km (in Millions of \$)

Type	2006	2007	2008	2009
Local - Reconstruct	n/a	\$0.870	\$0.870	\$1.150
Local - Rehabilitate	n/a	\$0.390	\$0.430	\$0.487
Regional - Reconstruct	n/a	\$1.320	\$1.460	n/a
Regional - Rehabilitate	n/a	\$0.640	\$0.620	\$0.610

Due to the large number of concrete street pavements in the City of Winnipeg, costs for reconstruction and rehabilitation are higher than most other cities where asphalt road surfaces are used. It costs over twice as much to reconstruct a street than to rehabilitate it.

The Department continues to encourage the use of asphalt paving materials as a cost-effective treatment in the City's roadway asset management strategy. Over the last 5 years, the Department has rehabilitated almost 54 kilometres of regional network using asphalt overlays and resurfacings as part of its roadway asset management program.

Where appropriate, the Department utilizes both asphalt and concrete pavement designs for new and reconstructed roadways as an effective lifecycle asset management approach for both regional and residential streets.

Transportation Planning and Traffic Management

Includes:

- *Transportation Planning & Design*
- *Traffic/Right-of-way Management*

Description

To plan, design and manage the transportation system and the traffic regulatory environment to provide a safe, environmentally-aware, accessible and sustainable transportation system.

Key Goals

1. Provide integrated transportation and land use planning.
2. Provide an accessible transportation system.
3. Invest in equipment and technology that supports a sustainable transportation system.
4. Expand the Active Transportation System network.
5. Support Downtown revitalization initiatives.
6. Maintain or improve service levels on the arterial street system.

Service Level Statistics

The proportion of work trips by vehicle drivers continues to rise. Bicycle mode share of work trips has increased over the 10 year period.

Work Trip by Mode	1996 Census	1996 %	2001 Census	2001 %	2006 Census	2006 %
Vehicle Driver	188,375	66.8%	207,095	68.6%	216,675	69.1%

Transportation Planning and Traffic Management

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Condition of Management of Traffic Flow During Rush Hour

Citizen satisfaction with traffic management during rush hour has increased from about 49% in 2007, to over 60% combined somewhat satisfied and very satisfied in 2010. The City has increased annual capital spending for traffic signal enhancements on major routes with \$2.3 million added in each of the 2008, 2009, and 2010 capital budgets.

	2003	2004	2007	2009	2010
Total Satisfied	46.8%	63.2%	48.8%	57.1%	62.1%

AM Peak Hour Average Travel Time on Major Routes (minutes)

Route	2002	2004	2009	2010
Henderson Hwy.	11.8	15.9	13.7	13.7
Main St.	15.2	14.8	15.6	16.4
Pembina Hwy.	18.2	18.9	20.9	n/a
Portage Ave.	19.2	23.4	22.8	26.2
St. Mary's Rd.	16.2	19.8	19.2	n/a

There have been minor changes in average travel times in minutes for major routes in Winnipeg. All times for routes listed here are from the Perimeter Highway to downtown Winnipeg. 2010 data was not collected for Pembina Highway or St. Mary's Road.

Average Time to Repair Signalized Intersection

	2005	2006	2007	2008	2009
Average Repair Time (hrs)	6.5	5.8	6.5	8.3	7.1

The repair time is affected by the time of day and day of week when the damage occurs. The repair time normally increases when damage occurs during unscheduled shift hours (i.e., between 16:00-08:00 and on weekends) due to the reduced availability of staff that can work on the repairs.

Transportation Planning and Traffic Management

Collisions per 1000 population (2008)

Collision data from 2008 is the most recent available. This data is for all types of collisions and all streets with each city. It shows that Winnipeg is in the lower range of the cities reporting. Trend data indicates collisions per 1000 population have been dropping in the last 4 years.

Wpg. Trend	2005	2006	2007	2008	2009
	22.1	20.9	20.6	18.6	n/a

Efficiency Measurements

Cost of Transportation Planning & Traffic Management per Lane km of Regional Road

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	n/a	\$2,889	\$2,870	\$2,695

While costs for providing this service have not changed considerably, the number of lane kilometres of regional roadway has increased, which reduces the cost per lane kilometre.

Maintenance Cost per Signalized Intersection

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	\$5,353	\$5,186	\$5,506	\$5,340

Damages are a result of a third party or environmental event causing damage to traffic signals infrastructure. This figure includes salaries, services (e.g., telephones, fleet equipment, consumables, electrical bills, training, etc), materials, parts and supplies.

Average Signal Damage Repair Cost

Wpg. Trend	2005	2006	2007	2008	2009
	\$2,673	\$2,553	\$2,679	\$3,181	\$2,898

Winnipeg's average signal repair cost has dropped from the previous year due to faster repair times in 2009.

Roadway Snow Removal and Ice Control

Includes:

- *Regional Streets Snow and Ice Removal*
- *Local Streets Snow and Ice Removal*
- *Sidewalk Snow and Ice Removal*
- *Park & Facility Snow and Ice Removal*
- *Snow Disposal Sites*

Description

Undertake effective roadway snow and ice control services in order to provide safe and accessible conditions on City streets and sidewalks during the winter season.

Key Goals

1. To provide the citizens of Winnipeg with safe and accessible roadway infrastructure during the winter months by delivering efficient and effective snow and ice control services.
2. To implement "Best Management Practices" for the municipal use of road salt for snow and ice control in winter months in accordance with Environment Canada's new Code of Practice for Road Salt Management.
3. To work closely with the private sector to ensure that there is a sustainable quantity of private sector equipment to assist the City in carrying out the winter snow clearing operations.
4. To examine various options for the provision of snow disposal sites and develop a long term strategy to provide this service in a cost-effective manner in the future.

The cost per lane km to apply salt and sand for ice control varies from year-to-year due to weather conditions.

Public Transit

Includes:

- Regular Transit
- Handi-Transit
- Chartered and Special Events Transit

Description

To plan, develop, and operate public transportation service in Winnipeg that:

- Provides mobility for those who do not or choose not to use other modes;
- Provides weekday peak period service levels that minimize the City's requirement for investment in roadway and bridge infrastructure;
- Reduces pollution generated by the overall urban transportation system; and
- Reduces energy use by urban transportation.

To provide a parallel public transportation service for people who are legally blind or who cannot use the regular transit system because of a physical disability.

Key Goals

1. Improve speed and reliability.
2. Improve comfort, convenience, safety and accessibility.
3. Improve environmental sustainability.
4. Improve productivity.
5. Improve passenger information.
6. Improve service reliability. (Handi-Transit)
7. Improve productivity. (Handi-Transit)
8. Improve customer relations. (Handi-Transit)

Public Transit

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction With Users Who Used Transit at Least Once Per Week

For those respondents who used Transit at least once per week, total service satisfaction was approximately 83% in 2010.

	2004	2007	2009	2010
Total Satisfied	76.2%	71.8%	73.5%	82.9%

Regular Transit Passengers per Capita (2009)

Winnipeg's per capita ridership has remained stable over the past several years.

Wpg. Trend	2005	2006	2007	2008	2009
	68	66	66	67	68

Source: Canadian Urban Transit Association

Handi-Transit Passengers per 1,000 Population

Wpg. Trend	2005	2006	2007	2008	2009
	973	965	943	817	767

Since 2006, Handi-Transit registrants with unlimited eligibility have been allowed to ride for free on the regular fixed-route system. This policy, an increased number of Easy Access buses, and improved screening of applications to determine eligibility have contributed to the decline in Hand-Transit usage. As a result, the percentage of trips requested that have been able to be filled has increased without increasing resources.

Public Transit

Regular Transit Average Vehicle Speed (km/h) (2009)

Average transit speeds are affected by the nature of a city's roadway system and the number and length of transit-only rights-of-way (such as rapid transit corridors).

Average transit vehicle speed for Winnipeg has been constant over the years.

Weekday Service Reliability

Service Reliability	2005	2006	2007	2008	2009
On-Time	73.0%	74.2%	73.7%	75.0%	74.7%
Early	8.9%	8.6%	8.7%	8.0%	8.5%
Late	18.1%	17.2%	17.6%	17.0%	16.7%

On-time weekday service reliability has remained relatively stable over the past 5 years.

Efficiency Measurements

Regular Transit Operating Cost per Passenger (2009)

Winnipeg consistently operates one of the most cost efficient transit systems in Canada.

Transit operating costs per passenger trip have been stable since 2004.

Source: Canadian Urban Transit Association

Public Transit

Handi-Transit Operating Cost per Passenger (2009)

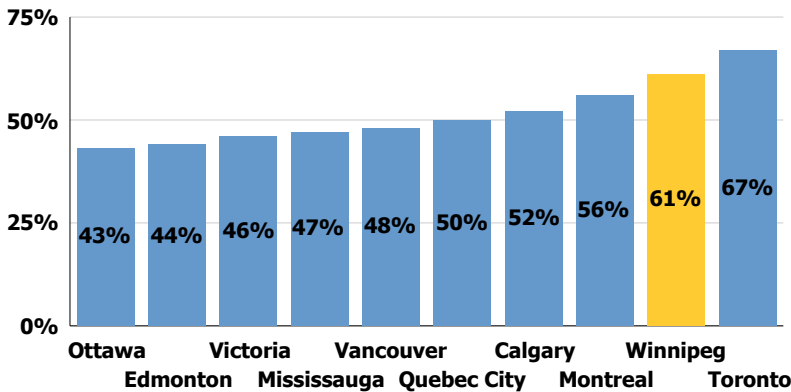

Winnipeg consistently operates one of the most efficient handi-transit systems in Canada. Handi-transit operating costs per passenger trip have remained amongst the lowest in Canada.

Due to contract changes and changes in ridership, unit costs have increased.

Wpg. Trend	2005	2006	2007	2008	2009
	\$14.80	\$15.33	\$14.59	\$16.16	\$17.39

Source: Canadian Urban Transit Association

Total Operating Revenue / Total Direct Operating Expenses (R/C Ratio) (2009)

Winnipeg has one of the highest recovery-to-cost ratios in Canada.

Winnipeg Transit's recovery-to-cost ratio has remained stable over the years.

Wpg. Trend	2005	2006	2007	2008	2009
	60%	60%	59%	60%	61%

Source: Canadian Urban Transit Association

Revenue Vehicle Hours per Capita (2009)

Winnipeg's population has grown at a faster rate than service expansions to meet Winnipeg's geographical development, resulting in a decreasing service ratio.

Revenue vehicle hours/capita is defined as the annual vehicle hours operated by active revenue vehicles in regular passenger service. It does not include layover, deadheading, training, road tests, or maintenance.

Wpg. Trend	2005	2006	2007	2008	2009
	2.12	2.04	2.02	2.01	2.00

Water

Includes:

- *Water Supply & Treatment*
- *Water Distribution*

Description

To provide citizens with the supply, storage, treatment, pumping, distribution and metering of potable water in order to ensure a safe and adequate supply of water for residential and commercial use.

Key Goals

1. To improve the state of the environment / improve public health.
2. To exceed our customer's needs and expectations.
3. To establish an arm's length 100% city-owned utility corporation that the City cannot sell in whole or in part.
4. To increase the efficiency and effectiveness of our services.
5. To improve water quality through construction and operation of the Water Treatment Plant.
6. To implement best practices throughout the Department.
7. To maintain a high quality safe working environment for our staff.
8. To improve information management in the Department.

Service Level Statistics

Description	2007	2008	2009
Number of residential accounts	180,259	181,601	182,415

Water

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Quality of Drinking Water

There was an increase in citizen satisfaction with the quality of drinking water. About 91% of citizens were satisfied in 2010 compared to about 85% in 2009.

	2003	2004	2007	2009	2010
Total Satisfied	78.6%	84.3%	75.4%	85.2%	90.7%

Number of Breaks at Watermain per 100 Kilometres (2009)

Watermain breaks are caused by a number of factors including soil conditions, pipe age, material and the condition of the piping. Winnipeg's soil is highly conductive and corrodes metallic pipes from the outside in. Frost penetration during winter months is also an issue. Although not illustrated, over the past two decades the number of breaks has been reduced from about 100 per 100 Km to 17 per 100 Km in 2009 due to cathodic protection of metallic mains and the use of PVC pipes for new construction and renewals.

Wpg. Trend	2005	2006	2007	2008	2009
	20	30	28	21	17

Water Use (Megalitres Distributed) per Household

Wpg. Trend	2006	2007	2008	2009
	0.2435	0.2324	0.2255	0.2151

Water use per household has been steadily declining since the mid-1990's due primarily to water conservation measures, which include changes to the plumbing code (low flow toilets, shower heads etc), low water use appliances, and increased environmental awareness.

This represents the water use by residential households (single family and multi-family residential).

Water

Water Treatment Testing

Parameters Tested Operating License Requirements	2007	2008	2009
Filter Turbidity (No more than 0.3 NTU)	n/a	n/a	0.22
Free Chlorine (No less than 0.5 mg/L)	n/a	n/a	0.84

Note: Yearly average results for the period are provided.
n/a: Not analyzed because the water treatment plant was under construction.

Water tests are conducted to ensure that the water supplied meets Provincial regulations and Federal Health Guidelines. Winnipeg water is intensively monitored on a routine basis to ensure that the water is safe and that regulatory requirements are met. The City of Winnipeg ensures that a high quality of water is delivered to customers and actions are taken to continuously improve water quality.

On October 9, 2009, the City of Winnipeg was issued a Public Drinking Water System Operating Licence. On December 9, 2009, the new Water Treatment Plant came into operation. The City has increased the number of tests performed and ensures conformity with guidelines and regulations. The water treatment regulated results are shown in the "Water Treatment Testing" table. Results are not provided for the years prior to water treatment.

Distribution System Water Testing

Parameters Tested Operating License Requirements	2005	2006	2007	2008	2009
Trihalomethanes (No more than 100 ug/L)	115.00	103.00	98.00	89.00	94.00
Fluoride (Range of 0.8 mg/L to 1.2 mg/L)	0.85	0.83	0.85	0.84	0.84
Free Chlorine (No less than 0.1 mg/L)	0.46	0.46	0.55	0.54	0.56
Total Coliform Samples (Minimum 1820 samples required)	3,240	3,111	3,061	3,027	3,061
Positive Total Coliform (Less than 10% positive)	0.40%	0.90%	0.70%	0.60%	0.20%

Note: Yearly average results for the period are provided for free chlorine, trihalomethanes and fluoride.

The City performs routine testing for certain parameters throughout the water distribution system. The table to the left highlights the results from 2005 to 2009 for the distribution system. Microbiological samples are taken weekly at over 60 locations throughout the system. Because water quality is so important, our level of monitoring and sampling exceeds Provincial regulatory and operating licence requirements. Winnipeg's water is frequently tested for coliform bacteria and less than 1% of the samples are positive, which is well below the regulated requirement of less than 10%. Whenever a positive result is encountered, further investigation is conducted and subsequent testing is performed to ensure the water is safe.

In addition to routine testing, we also conduct other testing to measure general water chemistry, heavy metals and microbial parasites. We also respond to customer inquiries and complaints about water quality.

For a more complete list of results, please refer to the City of Winnipeg, Water and Waste Department web page at <http://winnipeg.ca/waterandwaste/water/testResults/Winnipeg.stm>.

Water

Efficiency Measurements

Total Cost for Supply, Treatment and Distribution of Water per Megalitre Pumped

Wpg. Trend	2005	2006	2007	2008	2009
	\$440	\$453	\$493	\$553	\$638

Total cost for supply, treatment and distribution of water per megalitre pumped has been increasing since 2005. This is primarily due to increased costs resulting from construction of and preparation for the new water treatment plant combined with slightly lower pumpage as a result of seasonal weather fluctuations. Costs exclude transfers and debt and finance charges.

Total Cost for Supply, Treatment and Distribution of Water per Kilometre

Wpg. Trend	2005	2006	2007	2008	2009
	\$13,561	\$14,329	\$14,962	\$16,479	\$18,489

Total cost for supply, treatment and distribution of water per kilometre has been increasing since 2005 due to increased costs resulting from construction of and preparation for the new water treatment plant. Costs exclude transfers and debt and finance charges.

Annual Residential Water Bill (2009)

Based on 238 cubic metres per year consumption, Winnipeg's annual water cost is among the lowest of major western Canadian cities.

Wpg. Trend	2005	2006	2007	2008	2009
	\$256	\$254	\$287	\$312	\$320

Wastewater

Includes:

- Wastewater Collection
- Wastewater Treatment

Description

To provide property owners with the collection, transmission, disposal, treatment and monitoring of wastewater in order to ensure the environmentally appropriate handling of high volume sewage discharge.

Key Goals

1. To improve the state of the environment / improve public health.
2. To exceed our customer's needs and expectations.
3. To establish an arm's length 100% city-owned utility corporation that the City cannot sell in whole or in part.
4. To increase the efficiency and effectiveness of our services.
5. To deliver on the Council directive to retain a strategic partner.
6. To complete upgrades to the Sewer Treatment Plants to meet new Provincial Standards over the next 5 years.
7. To strive to further reduce combined sewer overflows.
8. To implement best practices throughout the Department.
9. To maintain a high quality working environment for our staff.
10. To improve information management in the Department.

Service Level Statistics

Description	2007	2008	2009

Effectiveness Measurements

Citizen Satisfaction with Protection from Sewer Back-up

2010 was an abnormally wet year with significant rainfall events and high river levels. As a result, there were more basement flooding events than in an average year. This resulted in increased customer awareness and a reduction in customer satisfaction for protection from sewer back-up.

	2003	2004	2007	2009	2010
Total Satisfied	82.0%	89.6%	76.2%	81.7%	75.9%

Number of Sewer Backup Complaints per 100 kilometre of Collection System Pipeline

The number of sewer backup complaints has increased over the past few years. This is a direct result of heavy rainfalls combined with high river levels in areas where there is a combined sewer system.

Number of Wastewater Pumping Station Failures

Wpg. Trend	2005	2006	2007	2008	2009
	6	1	1	0	0

A wastewater lift station failure is defined as an occurrence which results in basement flooding or sanitary sewage overflow to a receiving stream except in wet weather conditions.

Wastewater

Water Pollution Control Centres - Monthly Averages Exceeding Limits for Total Suspended Solids (TSS) & Carbonaceous Biochemical Oxygen Demand (CBOD5) Tests

North End Water Pollution Control Centre

Year	Provincial Limits for TSS (mg/L) not > 30	Provincial Limits for CBOD5 (mg.L) not >25
2005	1	1
2006	0	0
2007	0	0
2008	0	0
2009	1	0

New licence requirements will be based on a 30 day rolling average.

Higher TSS is an indication that the treatment process is not operating as designed. Five-day Carbonaceous Biochemical Oxygen Demand (CBOD5) measures the amount of oxygen consumed by living organisms (bacteria) in decomposition of organics in wastewater. It is a measure of the "strength" of sewage or as in this case, of the effluent. Operational measures are being implemented and the plants are being upgraded to consistently meet these limits.

South End Water Pollution Control Centre

Year	Provincial Limits for TSS (mg/L) not > 30	Provincial Limits for CBOD5 (mg/L) not >25
2006	1	0
2007	0	0
2008	0	0
2009	1	0

[a] NEWPCC Licence 2684 RRR (revised June 19, 2009), previously Licence 2684 RR, reporting in effect on June 1, 2005

[b] SEWPCC Licence 2716 R (revised June 19, 2009), previously Licence 2716, reporting in effect on March 1, 2006

[c] WEPCC Licence 2669 ERR (revised June 19, 2009), previously Licence 2669 ER, reporting in effect on September 2004

* As of December 1, 2008, the licence limit for Total Suspended Solids changed from 45 mg/L to 30 mg/L.

Efficiency Measurements

Total Cost for Treatment of Wastewater per Megalitre

Wpg. Trend	2005	2006	2007	2008	2009
	\$195	\$251	\$263	\$291	\$292

Cost per megalitre has been steadily increasing because of the significant upgrades to the wastewater treatment plants mandated by the Clean Environment Commission.

Total cost includes operational expenses related to treatment, support service expenses for engineering, finance and administration, environmental standards, information systems and technology, customer services and human resources. It excludes debt and finance charges, and transfers to other funds.

Wastewater

Total Cost for Collection of Wastewater per kilometre of Wastewater Pipe

Wpg. Trend	2005	2006	2007	2008	2009
	\$6,555	\$7,069	\$7,621	\$8,186	\$9,058

Costs for collection of wastewater are the same as described in the table above. Wastewater pipe consists of combined sewers, interceptors and sanitary sewers and excludes all land drainage and storm relief sewer mains.

Annual Residential Sewer Bill (2009)

Winnipeg's annual sewer costs are the highest compared to other western Canadian cities based on 238 cubic metre consumption per year. Rate increases since 2004 are partially attributed to capital improvements mandated by the Clean Environment Commission.

Wpg. Trend	2005	2006	2007	2008	2009
	\$315	\$357	\$407	\$463	\$475

Land Drainage and Flood Control

Includes:

- Flood Control
- Land Drainage

Description

To provide property owners with storm and flood water control in order to prevent flood damage to property.

Key Goals

1. To improve the state of the environment / improve public health.
2. To exceed our customer's needs and expectations.
3. To establish an arm's length 100% city-owned utility corporation that the City cannot sell in whole or in part.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the Department.
6. To maintain a high quality working environment for our staff.
7. To improve information management in the Department.

Service Level Statistics

Description	2007	2008	2009

Wpg. Trend	2006	2007	2008	2009	2010
Number of Properties	80	0	0	270	6
Number of Breaches	0	0	0	0	0

The City has been successful in its effort to protect properties which were at risk outside of the primary dike in years when the river levels were high.

Efficiency Measurements

Total Cost for Land Drainage per Kilometre of Drainage System

Wpg. Trend	2005	2006	2007	2008	2009
	\$2,400	\$1,670	\$1,615	\$1,696	\$1,655

The varying costs are reflective of program work throughout the year. Total expenses do not include debt and finance charges.

Total Cost of Flood Protection per Capita

Wpg. Trend	2005	2006	2007	2008	2009
	\$5.50	\$3.29	\$2.30	\$2.27	\$11.07

The fluctuation of flood protection costs is reflective of the varying river levels.

Solid Waste Collection

Description

To provide garbage collection service to all residential locations. Single family locations with manual collection are serviced 50 times per year. Single family locations with AutoBin collection are serviced on an as-required basis. Multi-family locations are collected either once or twice per week. City owned/operated facilities and small commercial locations are also eligible for this service on a user pay basis.

Other miscellaneous services include bulky waste collection, dead animal collection from City right-of ways and collecting appliances with Freon gas to ensure the Freon is extracted prior to recycling the appliance.

Key Goals

1. To improve the state of the environment / improve public health.
2. To exceed our customer's needs and expectations.
3. To establish an arm's length 100% city-owned utility corporation that the City cannot sell in whole or in part.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the Department.

	1.05	1.04	1.03	0.98

Solid Waste Collection

Efficiency Measurements

Garbage Collection Cost per Household

Wpg. Trend	2005	2006	2007	2008	2009
	\$68	\$61	\$58	\$59	\$61

Garbage collection costs per household have decreased from 2005 due to a change from partial to full contracting out effective March 2006. The small increase starting in 2008 is reflective of slightly higher contract prices as contracts are renewed. Total costs are for garbage collection, including tipping fees, from all single and multi-family dwellings and small commercial properties. Total costs exclude transfers and debt and finance costs.

Operating Cost for Residential Garbage Collection per Tonne

Winnipeg has one of the lowest residential garbage collection costs per tonne.

Note that in the calculation of this measurement Winnipeg's corporate overhead costs have not been fully costed. For Winnipeg, garbage collection costs per tonne increased from 2007 due to slightly higher contract prices. Total costs are for garbage collection from all single and multi-family dwellings and small commercial properties. Total costs exclude transfers and debt and finance costs.

Wpg. Trend	2005	2006	2007	2008	2009
	\$70	\$69	\$68	\$69	\$75

Solid Waste Disposal

Description

To provide solid waste disposal services that conform to environmentally sound waste management practices. The Brady Road Landfill is the only active landfill in the City of Winnipeg which takes all of the residential and some of the commercial garbage (the remainder is disposed at private landfills in the Capital Region).

The landfill is open every day of the year except for Christmas, New Years and Remembrance Day.

This service also includes the maintenance and environmental monitoring of the 34 closed landfills within the City.

Key Goals

1. To improve the state of the environment / improve public health.
2. To exceed our customer's needs and expectations.
3. To establish an arm's length 100% city-owned utility corporation that the City cannot sell in whole or in part.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the Department.
6. To maintain a high quality working environment for our staff.
7. To initiate landfill gas recovery projects to reduce greenhouse gases.

Service Level Statistics

Solid Waste Disposal

Effectiveness Measurements

Residential Tonnes Disposed per Capita

Wpg. Trend	2005	2006	2007	2008	2009
	0.392	0.355	0.348	0.345	0.342

Residential solid waste disposed per capita has been declining since 2005.

Volume of Leachate Hauled & Treated (Kilolitres)

Wpg. Trend	2005	2006	2007	2008	2009
	43,675	55,087	53,426	58,450	56,887

The volume of leachate hauled and treated over the years has been steadily increasing. The volume collected in 2009 was lower due to weather conditions. The capture of leachate minimizes the impact on the environment.

Efficiency Measurements

Solid Waste Disposal - Operating Cost per Tonne (2009)

This chart shows the total cost per tonne to dispose of all residential, commercial, industrial and other municipality waste.

Winnipeg has one of the lowest operating cost for solid waste disposal per tonne. Note that in the calculation of this measurement Winnipeg's corporate overhead costs have not been fully costed.

Wpg. Trend	2005	2006	2007	2008	2009
	\$10.66	\$12.27	\$13.36	\$13.12	\$15.13

Recycling and Waste Minimization

Description

To provide recycling services to residential locations, offering single family locations collection service 50 times a year. Multi-family locations have the option of cart or bin collection once per week. City owned public facilities such as swimming pools and community clubs are also eligible for this service.

The recyclables are taken to a facility and separated into the various material types and sold. The Province of Manitoba, through the Manitoba Product Stewardship Corporation (MPSC) pays 80% of the net cost of this service.

Other related waste minimization services include the Leaf-It depots, Chip-In depots, a back yard composting program and 7 general use recycling depots around the City.

Programs related to household hazardous waste, electronic waste and used oil recycling are provided by the Province of Manitoba.

Key Goals

1. To improve the state of the environment / improve public health.
2. To exceed our customer's needs and expectations.
3. To establish an arm's length 100% city-owned utility corporation that the City cannot sell in whole or in part.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the Department.
6. To maintain a high quality working environment for our staff.

Wpg. Trend	2005	2006	2007	2008	2009
	4.7	5.1	2.6	3.3	2.4

The service goal is to have less than 5 service deficiencies per 10,000 collections. In 2009, there were 2.4 deficiencies per 10,000 collections.

Percentage of Solid Waste Diverted From Landfills (2009)

Winnipeg has the lowest percentage of solid waste diverted from landfills compared to other major Canadian cities. Solid waste diverted includes residential recycling material, leaf-it program and chip-in program.

Other cities have additional waste diversion programs such as yard waste or organic diversion programs which contributes to the higher percentage of solid waste diverted from landfills.

Efficiency Measurements

Recycling and Waste Minimization Operating Cost per Tonne

Wpg. Trend	2005	2006	2007	2008	2009
	\$235	\$225	\$220	\$224	\$221

Recycling and Waste Minimization cost per tonne decreased slightly in 2009 due to declining costs as a result of 2008's market decline.

Net Operating Cost for Residential Solid Waste Diversion per Tonne (2009)

Winnipeg has one of the lowest net operating cost for residential solid waste diversion per tonne compared to other major Canadian cities. Note that in the calculation of these measurements some corporate overheads have not been fully costed.

Market values for sales of recyclables and support rates paid by the Manitoba Product Stewardship Corporation cause fluctuation in net operating costs.

The increase in 2009 is directly attributable to the decreased market rates.

Wpg. Trend	2005	2006	2007	2008	2009
	\$26.91	\$52.33	\$18.26	\$16.14	\$74.94

Parks and Urban Forestry

Includes:

- Park Grass Maintenance
- Park Amenity Maintenance
- Athletic Field Maintenance
- Park Pathway Maintenance
- Park Planning / Development
- Tree Planting
- Tree Pruning & Removal (non-DED)
- Dutch Elm Disease Control (DED)
- Weed Control
- Natural Areas Management
- Playground Management
- Winter Amenity Maintenance
- Boulevard Maintenance

Description

To enhance the quality of life for citizens and visitors by providing services that focus on maintenance, preservation and stewardship of parks, open spaces, the urban forest and natural areas.

This service includes park, boulevard, and open space maintenance; litter collection; athletic field maintenance; pathway maintenance; park planning and development (shared with Planning, Property and Development); tree planting, pruning, removal; Dutch Elm Disease control (inspection, removal, disposal, public education); weed control (inspection, serving of weed notices); natural areas management (replanting of native species, controlled burns, native and invasive species monitoring, education); playground equipment inspection and repair; and winter amenity maintenance (knock-down hockey rinks, pleasure skating rinks/ponds, toboggan slides/hills, park pathway snow clearing, cross-country ski trails and speed skating oval maintenance).

Key Goals

1. Maintain and improve parks, athletic fields, playgrounds and related amenities to meet community leisure needs and interests.
2. Provide natural environment and conservation education.
3. Preserve and enhance natural areas across the City's park and open space system.
4. Protect and enhance the urban forest through effective tree care practices and replacement planting.
5. Invest strategically in new and existing infrastructure.

Total Satisfied	n/a	86.9%	87.3%	83.7%	89.1%

Percentage of Trees Pruned Annually Meeting Industry Standards (2009)

Winnipeg pruned 8.1% of an estimated 280,000 trees in the Urban Forest in 2009. The industry pruning standard is 14%.

Wpg. Trend	2005	2006	2007	2008	2009
	1.5%	6.7%	9.3%	8.1%	8.1%

Parks and Urban Forestry

Parkland as a Percentage of Total Municipality

Wpg. Trend	2009
	6.4%

This is a new measure that will be benchmarked with other cities in the future. The amount of parkland ranges from 1% to over 10% of total city area in major Canadian cities. Winnipeg is in the middle of the range at 6.4%.

Park Hectares Maintained per 100,000 Population

Wpg. Trend	2009
	298.0

This is a new measure that will be benchmarked with other cities in the future.

Park Hectares Natural Maintained per 100,000 Population

Wpg. Trend	2009
	156.0

This is a new measure that will be benchmarked with other cities in the future.

Number of Play Structures per 100,000 Population

Wpg. Trend	2009
	52.3

This is a new measure that will be benchmarked with other cities in the future.

Parks and Urban Forestry

Efficiency Measurements

Total Parks Operating Costs per Capita

Wpg. Trend	2009
	\$39.00

This is a new measure that will be benchmarked with other cities in the future.

Total Parks Operating Costs per Hectare

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	\$5,108	\$6,166	\$5,682	\$7,382

Operating costs per hectare increased in 2009 due to a decrease in the total hectares of Parks and Open Spaces, and the inclusion of boulevard maintenance costs.

City Beautification

Includes:

- *Litter Collection*
- *Public Gardens / Landscaping*
- *Ornamental Lighting / Flags & Banners / Public Art*
- *Graffiti Control*
- *Regional Street Cleaning*
- *Local Street Cleaning*

Description

To provide citizens and visitors with flower gardens, streetscaping, cleanliness, graffiti control and public art in order to promote the aesthetic appeal of the city.

Key Goals

1. Maintain and continuously improve image route streetscaping to contribute to the beautification of our city.
2. Continue to beautify the downtown through enhanced floral displays, streetscaping, and other clean and green initiatives.
3. Reduce graffiti occurrences through ongoing education and awareness while improving the level of service for graffiti removal through partnerships with volunteer community groups and maintaining a database for tracking graffiti incidents.

City Beautification

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with City's Efforts in Keeping the City Clean and Beautiful

Over 80% of citizens are either somewhat satisfied or very satisfied with the City's efforts in keeping Winnipeg clean and beautiful.

	2003	2004	2007	2009	2010
Total Satisfied	n/a	80.2%	78.1%	79.1%	82.3%

Litter Score Index

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	n/a	1.9	2.0	2.1

The Litter Index is rated 1 to 4, with a score of 1 representing no litter, and a score of 4 representing extremely littered. The index is an average of 12 areas of the City. It is conducted prior to the Spring clean up by Take Pride Winnipeg in March of each year.

Efficiency Measurements

Cost per Hectare for Manual Litter Collection

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	\$250	\$273	\$279	\$300

Cost per hectare for manual litter collection has been increasing at inflation rates. However, the 2009 figure reflects a change from previous years in the calculation of the area due to a new data collection method.

City Beautification

Cost per Graffiti Removal Incident

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	n/a	\$107	\$97	\$128

Although the number of graffiti incidents declined in 2009, the cost per graffiti removal increased due to fixed costs.

Cost per Lane Km of Street Sweeping (2009)

Edmonton and Winnipeg street sweep all paved streets during the Spring clean up and then move to a regional street cleaning program in summer months. Costs are dependent on the number of street sweeps conducted per year and the amount of ice control materials removed from the streets during the Spring clean up.

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	n/a	\$676	\$659	\$792

Cost per Square Meter for Floral Displays

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	n/a	\$58.50	\$59.85	\$55.58

This is an average of all types of floral displays and includes hanging baskets as well as ground displays. These are direct costs only and do not include overhead costs. The costs for floral displays have been stable over the last 3 years.

Winnipeg Fleet Management Agency (SOA)

Description

To provide economical, state-of-the-art, safe and eco-friendly fleet vehicle, equipment and other asset management services to The City of Winnipeg and other public sector organizations, in support of their service delivery. Agency services are provided to most City departments including Community Services, Fire Paramedic Service, Planning, Property and Development, Winnipeg Police Service, Public Works, Assessment and Taxation, Corporate Support Services and Water and Waste, and are used for direct service delivery to the Citizens of Winnipeg. The Agency offers the following services:

- Vehicle, equipment and other asset lifecycle cost management
- Vehicle and equipment acquisition, leasing and disposal
- Fuel supply and management
- Vehicle and equipment repair and maintenance
- Vehicle and equipment insurance, licensing and registration
- Vehicle and equipment manufacturing and fabrication
- Safety training and fleet accident management
- Vehicle and equipment rentals

Key Goals

1. Present planned and demanded vehicles and equipment to ensure City departments' operational performance requirements and safety legislative requirements are met.
2. Maintain fleet service centres which provide superior customer service and administrative support to The City's geographically dispersed and varying fleet, while ensuring reliability and safety.
3. Manage The City's fuel distribution system on a day-to-day and emergency basis, by providing customers with a safe, dependable and convenient fuel supply, while ensuring compliance with legislation.
4. Encourage fleet greenhouse gas emission awareness through research, testing, and offering environmentally friendly vehicles and equipment, and alternative fuels.
5. Expand fleet management services to new customers within The City, and offer services to external public sector markets.

Service Level Statistics

Winnipeg Fleet Management Agency (SOA)

Performance Measurements

Effectiveness Measurements

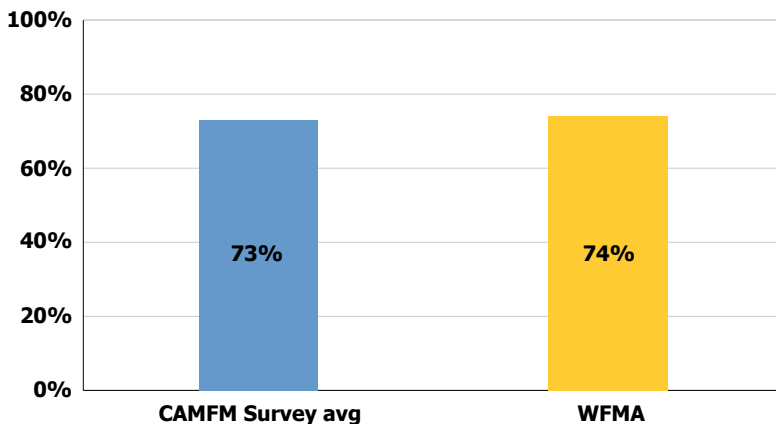

Overall Customer Satisfaction (2009)

Winnipeg Fleet Management Agency conducted a Customer Survey in 2009 and approximately 73% of the customers were satisfied with Fleet Management Services.

Wpg. Trend	2008	2009
	75.0%	73.0%

Mechanic Utilization/Productivity (2009)

The Agency's mechanic utilization is slightly higher than the Canadian Automotive Municipal Fleet Managers (CAMFM) survey average.

The Agency's mechanic utilization statistics are based on adjusted figures, calculated as total work order hours divided by adjusted hours. Adjusted hours include overall annual hours less holiday hours, sick hours, training hours and other hours. Canadian Automotive Municipal Fleet Managers Survey (CAMFM) average results are reported from a 2009 CAMFM survey.

Wpg. Trend	2008	2009
	68%	74%

*Note: Includes only light fleet (litres/100 km)

2009 Fuel Efficiency by category - Light Fleet per 100 km

Light fleet average fuel efficiency is based on data gathered from January 1, 2009 to December 31, 2009. CAMFM survey averages are based on a 2009 CAMFM survey of multiple cities in various geographical locations.

The Agency was only able to compare light fleet units to the CAMFM survey, as the CAMFM survey publishes litres per 100 kilometres for its heavy and specialty equipment, while the Agency reports on hours per litre for its heavy and specialty equipment. The Agency will be implementing both measurement systems to compare its heavy and specialty equipment with other City fleets.

2009 Fuel Efficiency by Category - Heavy and Specialty Fleet per Hour

Heavy and specialty fleet average fuel efficiency is based on data gathered from January 1, 2009 to December 31, 2009.

Winnipeg Parking Authority (SOA)

Description

The Parking Authority manages fees for on and off-street parking and City owned public parking facilities. It provides leadership to local parking service providers, and encourages the development of all parking services in support of public policy objectives.

Key Goals

1. Manage a single vision and service delivery structure for all on-street and off-street parking.
2. Improve the quality of service offered to customers.
3. Maintain coordination with key stakeholder groups.
4. Stabilize operating costs while maintaining or improving customer satisfaction levels.
5. Provide effective facilities management, optimizing the productive use of physical assets.
6. Optimize use of off-street facilities for longer-term parking, and on-street parking for short-term occupancy.

Service Level Statistics

Description	2007	2008	2009

Winnipeg Parking Authority is a Special Operating Agency (SOA) with its own operating charter approved by Council.

Note: 2011 "Other" expenses include the following:

Contracted services - parking enforcement	3.081
Contracted services - parkade management	0.241

Explanation of 2011 Change from 2010

(in millions of \$)

1 Revenues

Increase in meter revenue due to increased utilization of existing meters	0.965
Increase in enforcement due to improvements in monitoring and compliance	0.498
Increase due to anticipated rate increases at the Civic Parkade	0.120
Increase to reflect the management of additional lots adjacent to City facilities	0.039
Decrease due to the sale of the Winnipeg Square Parkade in April 2010	(0.517)
Decrease due to impact of construction at the Millennium Library Park	(0.007)
	<u>1.098</u>

2 Expenses

Increase in City staff to replace contract staff and an increase in general salaries and benefits	0.449
Miscellaneous adjustments	0.174
	<u>0.623</u>

Full-time Equivalent Positions

Increase of 13 primarily a result of increasing the establishment of customer service clerical positions and eliminating contract positions. There is also a provision for a part time attendant at the Civic Centre Parkade.

Winnipeg Parking Authority (SOA)

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction in Managing On-Street Parking

In 2010, the City of Winnipeg conducted a survey of citizen satisfaction with various City departments. With respect to parking, respondents were asked to "please rate the City's efforts in managing on-street parking (availability, convenience, etc)."

■ somewhat satisfied ■ very satisfied

Meter Rates in Canadian Cities

Winnipeg has among the lowest overall meter rates compared to 5 other Canadian cities. Meter rates have not increased since 1992.

High rate is limited to high demand zones. Currently 12% of paystations are in high demand zones.

Wpg. Trend	2005	2006	2007	2008	2009
	\$1.00	\$1.00	\$1.00	\$1.00	\$1.28

Parking spaces per 100,000 population (2009)

As a result of the sale of the Winnipeg Square Parkade in April 2010, the number of off-street spaces has been reduced by 938. As of May 2010 the number of spaces per 100,000 population will be 815.

Please note that the City of Thunder Bay provides the majority of parking in the City due to the lack of any zoning requirements for businesses to provide any parking.

Wpg. Trend	2007	2008	2009
	701	539	954

Increase in spaces from 2008 to 2009 is due to increased on-street spaces as a result of conversion to pay and display system and to the Winnipeg Parking Authority assuming control of 550 stall surface lot adjacent to Canadian Museum for Human Rights.

Percentage of Tickets Successfully Closed

City	Payment Rate	Closure Rate
West Hollywood	83.7%	88.5%
Beverly Hills	86.5%	91.4%
LA County Sheriff	68.3%	71.5%
Los Angeles	80.5%	84.3%
San Francisco (SFMTA)	84.5%	89.5%
Santa Monica	88.5%	91.9%
Winnipeg	90.0%	92.8%

Winnipeg has a very high courtesy standard with over 17% of citations issued being provided as warnings and not as fines.

Winnipeg Parking Authority (SOA)

Percentage of Tickets Overturned by Court

Wpg. Trend	2007	2008	2009
	0.000%	0.000%	0.004%

In 2009, 0.004% of tickets were overturned by the courts and 0.7% of tickets issued were reduced to a warning. In 2008, no tickets were overturned by the Courts and 0.7% of tickets issued had their fine reduced to a warning on a guilty plea. Figures include where the court dismissed the charge at trial or where the driver pled guilty and the judicial justice of the peace reduced the fine to a warning.

Efficiency Measurements

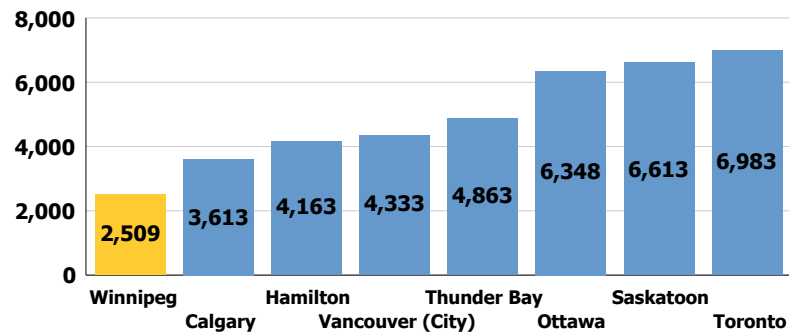

Number of Compliance Officers per 100,000 Population

Winnipeg's compliance officers per 100,000 population is near the average of 7.8 from the 8 Canadian cities survey.

Wpg. Trend	2006	2007	2008	2009
	8.56	8.50	9.01	8.80

Average Number of Citations Written per Compliance Officer

With different by-laws, meter payment times and parking restrictions, comparison of the average number of citations per Compliance Officer between municipalities is imprecise. Year over year numbers are a more accurate reflection of trends for a given municipality. Citations issued reflect the number of offence notices issued and may not accurately reflect the level of compliance to existing regulations.

Wpg. Trend	2007	2008	2009
	2,263	2,422	2,509

Gross Parking Revenue Collected per On-Street Space

Wpg. Trend	2007	2008	2009
	\$1,030	\$1,168	\$1,072

Increases in the number of on-street spaces were conducted throughout 2009 and increases to revenue will not be fully realized until 2010.

Winnipeg Parking Authority (SOA)

Gross Parking Revenue Collected per Off-Street Space

Wpg. Trend	2007	2008	2009
	\$2,234	\$2,458	\$2,603

By upgrading facilities to the national standard for cleanliness, safety and customer service, the WPA has demonstrated that the parking consumer will choose facilities that are clean, safe and welcoming, and pay a premium to do so.

In April 2010, the Winnipeg Square parkade was sold and, as a result, the number of spaces will be reduced by 938 for future measurements.

Gross Fine Revenue per Ticket

Wpg. Trend	2009
	\$34.37

This is a new measurement for 2009 that will be benchmarked with other cities in the future.

The Voluntary Payment of Fines By-Law allows for a 50% discount to the fine if paid within 15 days of issuance of the offence notice. In 2009, approximately 65% of offence notices issued were paid within the discount period.

Parking Services Operating Cost per On-Street Paid Parking Space Managed

Wpg. Trend	2009
	\$449

This is a new measurement for 2009 that will be benchmarked with other cities in the future.

Parking Services Operating Cost per Off-Street Paid Parking Space Managed

Wpg. Trend	2009
	\$1,111

This is a new measurement for 2009 that will be benchmarked with other cities in the future. Off street includes both surface lots and parking structures.

City Planning

Includes:

- Area Development & Renewal Planning
- City-wide Long Range Planning

Description

To support development in the natural and built environment through the provision of a full range of land use planning services to community residents, employers, businesses and land developers in order to balance competing interests without bias and in the best interest of the city overall. The City planning service works to:

- Support development that is economically, socially and environmentally sustainable and that is responsive to community values.
- Develop plans that make external investment decisions easier and internal investment decisions [services and infrastructure] wiser.

Key Goals

1. Ensure the City of Winnipeg has an adequate supply of land that is zoned and serviced to accommodate projected residential and commercial growth.
2. Accommodating growth where there will be the most effective and efficient use of municipal infrastructure and provision of services.
3. Manage a high-volume of land use issues in existing neighbourhoods in a competent, coherent and cohesive way.
4. Ensure fair and consistent interpretation and application of Council's land use policies and regulations.

Neighbourhood Revitalization

Includes:

- Community Development
- Housing Initiatives

Description

Provide neighbourhood residents with tools and support to build resilient, healthy communities and to promote and deliver community based projects and programs that support sustainable neighbourhoods and healthy communities. This service is provided jointly by the Planning, Property and Development and Community Services Departments. Service activities include the administration of Council's neighbourhood and housing programs including, but not limited to:

- Winnipeg Housing and Homelessness Initiative (WHHI)
- Building Communities Initiative
- Home Renovation Tax Assistance (HRTA)
- Affordable Housing Initiatives
- Residential Infill Tax Credit Program
- Residential Rehabilitation Assistance Program (RRAP)
- Neighbourhood Multi-Family / Mixed-Use Building Grant Program
- Downtown Multi-Family / Mixed-Use Building Grant Program
- LiveSAFE in Winnipeg - Crime Prevention through Social Development

Key Goals

1. Increase community confidence in their neighbourhood and encourage residents to remain and invest in their own communities.
2. Encourage and promote community involvement in defining neighbourhood values and needs and prioritizing neighbourhood infrastructure improvement projects that meet those values and needs.
3. Participate directly in the revitalization of the downtown as a collection of vibrant residential neighbourhoods.
4. Facilitate the development of recreation services that are more responsive to the specific recreational needs of communities; with a priority focus on high needs neighbourhoods.
5. Increase Aboriginal youth's participation in the overall City system through programs, services and employment.
6. Work in partnership with community and other levels of government to develop and implement a continuum of crime prevention initiatives.

Support includes staff involvement in the coordination, facilitation, planning and implementation of initiatives to improve a community's capacity to address issues impacting their quality of life.

* Community Development Services

Change in Average Assessed Value of Residential Property in Winnipeg's Inner City, 2006-2008

	2008
Percentage Change	117%

The average assessed value in 2008 of the same sample on Inner City housing increased by 117% from the base year of 2006.

Neighbourhood Revitalization

Construction, Addition & Alteration Permits Summarized by Neighbourhood Classification

Neighbourhood Classification	2005	2006	2007	2008	2009
Major Improvement	0	135	110	87	411
Rehabilitation	0	170	172	157	566
All Other	0	3,292	2,970	3,182	6,087

Construction activity increased significantly in all categories in 2009.

Efficiency Measurements

Administrative Cost for Neighbourhood Revitalization Programs

Program Type	2005	2006	2007	2008	2009
Administrative Cost per \$ of Funding Disbursed for Housing Programs	\$0.13	\$0.13	\$0.15	\$0.05	\$0.05
Residential Rehabilitation Assistance Program Administrative Cost	\$203,168	\$176,830	\$225,808	\$221,110	\$213,725
Winnipeg Housing and Homelessness Initiative Administrative Cost	\$150,846	\$153,450	\$160,021	\$161,222	\$166,778
Housing Development Management Services	\$116,549	\$124,038	\$117,162	\$119,944	\$126,311
Allocation of Departmental Support Costs	\$150,852	\$129,737	\$83,157	\$109,987	\$103,970
Housing Administrative Cost	\$621,415	\$584,055	\$586,148	\$612,263	\$610,784

Administrative cost per dollar of funding disbursed for housing programs decreased starting in 2008 due to operational efficiencies.

Development Approvals, Building Permits and Inspections

Includes:

- Residential Development Approvals & Inspections
- Commercial Development Approvals & Inspections

Description

Ensure compliance with by-laws and standards through consultation, education, administration, inspections and the regulatory enforcement of property standards, construction, renovation, and demolition of buildings. This service includes:

- receiving and processing permit applications
- zoning approvals
- plan examinations
- compliance and by-law based inspections

Key Goals

1. Ensure safe, healthy, accessible buildings through the administration and enforcement of building by-laws and property standards.
2. Continue to streamline the building permit application and approval process for industry professionals and nonprofessional customers.
3. Enhance our customers' awareness of necessary, safety-related building project requirements.
4. Improve our ability to provide timely site inspection services and proactive by-law enforcement.
5. Pursue financial self-sufficiency.

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction for Zoning Regulations and Building Permits (respondents who used this service)

Service satisfaction has now exceeded 80% for the first time.

	2003	2004	2007	2009	2010
Total Satisfied	n/a	72.8%	46.1%	70.5%	81.2%

Average Turn-Around Time for Permit Applications*

Housing Permits - Master plans and Engineered Plans

Timeframe	2006	2007	2008	2009
% permits issued 3 days or less			20.0%	12.5%
% permits issued 5 days or less	59.0%	71.0%	61.0%	26.5%
% permits issued 7 days or less			84.0%	45.4%

These average turn-around times include permit applications that meet the criteria for inclusion in the Master/Engineered Plans program. Current approval requirements for particular applications prevent processing within the desired timeframes. For example, building permit applications are presently accepted in cases where the land for the building is not yet serviced or lot grading has not yet occurred. The goal is to significantly increase these percentages through the continuous pursuit of process improvement initiatives.

Commercial Foundation Permits

Number of Weeks	2008	2009
Quarter 1	11.24	8.38
Quarter 2	12.76	8.14
Quarter 3	11.14	8.5
Quarter 4	7.15	11.12

Development Approvals, Building Permits & Inspections

Zoning Variance Processed and Completed

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	1,195	1,316	1,153	1,062

Generally, a reduction in the number of zoning variances processed and completed is indicative of the effectiveness of zoning regulations. Note that the majority of these are minor residential variances that are approved administratively.

Number of Defects per 10,000 Inspections Commercial Inspections

Inspection Type	2007	2008	2009
Building	1,603	1,312	877
Electrical	885	1,867	1,263
Plumbing/Mechanical	2,540	2,200	1,975
Total Commercial	1,849	1,848	1,400

The data shows a desirable downward trend in the ratio of defects in recent years.

Housing Inspections

Wpg. Trend	2007	2008	2009
	2,548	2,883	2,894

Volume varies with market demand.

Economic Development

Description

To provide information to Council and economic development agencies as well as coordinate resources across City departments in order to respond effectively to high-priority projects of strategic and economic importance to the City. Service activities include:

- Work closely with Economic Development Winnipeg Inc. and CentreVenture.
- Coordinate interdepartmental technical assistance and due diligence on proposals and initiatives.
- Negotiate incentive strategies through Business Plan & Pro-Forma analysis.
- Manage strategic projects.
- Assist in the preparation of communication strategies.

Key Goals

1. Build a strong economic climate for Winnipeg.
2. Identify priority investments that support economic development activity.
3. Assist in the development of taxation policy that enables economic opportunity.
4. Broaden service access and convenience to customers wanting to do business with the City.
5. Capitalize on opportunities to establish Intergovernmental and Public-Private Partnerships.

The performance improvement efforts reflect an integrated / one stop approach to application review and approval. A dedicated Development Projects Liaison position coordinates the review of major projects. The Permits X-Press initiative is also focused on the continuous improvement of development review and approval systems and processes.

Economic Growth Comparison of City Regions (13 CMAs) - Real GDP Growth (%)

City	2008	City	2009	City	2010f	City	2011-2014f
Saskatoon	5.9	Halifax	0.9	Toronto	4.7	Calgary	4.2
Regina	4.1	Quebec City	0.1	Saskatoon	4.5	Edmonton	4.0
Halifax	2.8	Winnipeg	-0.5	Hamilton	4.5	Toronto	3.6
Winnipeg	2.6	Ottawa-Gatineau	-0.7	Vancouver	4.3	Saskatoon	3.6
Quebec City	2.1	Montreal	-0.9	Edmonton	3.8	Vancouver	3.4
Victoria	1.6	Victoria	-1.2	Ottawa-Gatineau	3.7	Regina	3.2
Edmonton	1.3	Vancouver	-1.7	Calgary	3.5	Hamilton	3.1
Montreal	1.1	Toronto	-2.3	Regina	3.5	Halifax	2.7
Ottawa-Gatineau	0.8	Regina	-3.0	Quebec City	3.4	Victoria	2.6
Calgary	0.4	Saskatoon	-3.4	Victoria	3.3	Winnipeg	2.5
Toronto	0.3	Hamilton	-3.8	Montreal	3.2	Montreal	2.5
Vancouver	-0.1	Calgary	-4.5	Halifax	3.2	Quebec City	2.4
Hamilton	-1.3	Edmonton	-5.1	Winnipeg	2.4	Ottawa-Gatineau	2.4

In 2010, Winnipeg's forecasted growth is expected to have the lowest Real GDP growth of the 13 major Canadian Metropolitan Areas. This may be attributable to Winnipeg's Real GDP in 2009 not retracting to the same degree as most other cities. The 2010-2013 forecast places Winnipeg's economic growth below the average for Canadian cities.

Heritage Conservation

Description

To promote the long-term conservation of heritage assets in the City of Winnipeg.

Key Goals

1. Ensure the long-term conservation of heritage resources in Winnipeg through the implementation of new incentives, integrated planning, district/area designation, regulatory reforms, well-established design standards and principled design review.
2. Be a catalyst for greater public awareness, education and participation in heritage conservation.
3. Improve the suitability of Heritage Buildings for occupancy by City Departments and other civic uses.

City-Wide Heritage Grant	\$500,000	\$564,600
Total Funding	\$236,000,000	\$56,230,076

Since 1995, the City of Winnipeg has undertaken a number of incentive programs to promote heritage building preservation. The City's investment also levers funding by private investors / building owners for the preservation of heritage buildings and their adaption for re-use.

Heritage Buildings Used for Civic Purposes

Measure Value	2008	2009
Number of Buildings	10	10
Assessed Value (in Millions)	\$22.8	\$22.8

The public benefits of Heritage Conservation are that an investment in heritage can provide economic stimulus and support community development. Heritage is good for the City's economic environment and good for business. Investment in heritage conservation pays off in enhanced tax assessments, improved urban environments and opportunities for business.

Heritage Conservation

Efficiency Measurement

Average Maintenance/Operating Cost of Heritage Buildings

Building	2008	2009
St. Boniface Fire Hall No. 1	\$4.68	\$5.23
Bank of Hamilton Building	\$2.30	\$1.72
Confederation Life Building	\$5.24	\$4.62
St. Boniface City Hall	\$5.04	\$5.13
Cornish Library	\$4.78	\$4.47
Carnegie Library	\$3.86	\$3.86

The City through leadership and partnerships protects and celebrates a broad range of heritage resources through direct use. This makes a valuable contribution towards a complete understanding of Winnipeg's history.

Note: Operating costs per square foot incurred by the City for leased facilities that are paid directly to the landlord are not contained herein. Readers are cautioned that the information may not be appropriate for their purposes.

Property Asset Management

Includes:

- Land & Property
- Municipal Accommodations

Description

The Property Asset Management Service facilitates the acquisition, development, operation, maintenance, security and disposition of City-owned land and buildings. The service is composed of two sub-services:

LAND PROPERTY: oversees property sales, acquisitions, and appraisal.

MUNICIPAL ACCOMMODATIONS: manage leases, operates, maintains, protects and preserves the City's physical building infrastructure/assets to provide for current and future program accommodation needs and provides design and project management of new and existing civic buildings.

Key Goals

1. Optimize the productive use of City properties through effective property sales, acquisition and appraisal practices.
2. Optimize infrastructure condition through a Physical Asset Management Program for City buildings.
3. Provide effective facilities management.
4. Develop and implement environmental stewardship policies and programs to guide the management and maintenance of all new and existing City facilities.

Citizen Satisfaction with the Condition of Recreation Facilities

For those respondents who use recreation facilities, satisfaction with the condition of recreation facilities dropped off between 2002 and 2007, but improved marginally in 2009/2010. Recent funding agreements on improvement and new construction between the three levels of government will help to improve citizen satisfaction.

	2003	2004	2007	2009	2010
Total Satisfied	82.3%	73.3%	70.0%	74.2%	81.1%

Vacancy Comparison Between Municipal Accommodation and Winnipeg Overall Vacancy for Office Space

Vacancy Rate (%)	2005	2006	2007	2008	2009
Winnipeg Overall Vacancy Rate (Note 1)	7.8%	7.1%	6.8%	5.4%	7.8%
Municipal Accommodation Vacancy Rate	7.1%	6.8%	7.0%	5.8%	6.8%
Percent Difference	-0.7%	-0.2%	0.2%	0.4%	-1.0%

In 2009, the municipal accommodation vacancy rate dropped below the Winnipeg overall vacancy rate.

Note 1: Source: Colliers Pratt McGarry Winnipeg Office Year End Report 2009

Condition of Recreation Leisure and Library Buildings - Facility Condition Index (FCI)*

Facility	FCI 2006	FCI 2007	FCI 2008	FCI 2009	Investment Required Over 10 Years (2010 to 2020)
Field Houses	0.14	0.17	0.17	0.19	\$2,523,000
Daycares	0.16	0.19	0.19	0.18	\$2,471,000
Indoor Pools	0.18	0.18	0.18	0.22	\$83,570,000
Community Centres/Soccer/Arena Complexes	0.24	0.20	0.20	0.21	\$100,040,000
Libraries	0.19	0.23	0.23	0.23	\$23,976,000
Recreation Centres/Leisure Centres	0.26	0.21	0.21	0.21	\$14,879,000
Arenas	0.36	0.39	0.39	0.41	\$52,446,000
Wading Pools	0.43	0.43	0.43	0.43	\$4,300,000
Senior Centres	0.70	0.24	0.24	0.22	\$1,827,000
Outdoor Pools	0.70	0.39	0.18	0.41	\$7,313,000
TOTAL	n/a	n/a	n/a	n/a	\$293,345,000

The condition of city facilities has remained generally stable, but there have been improvements in the condition of outdoor pools and senior centres.

*Facility Condition Index (FCI) is a ratio of the estimate for identified requirements and system renewals for a five year period, divided by the estimated replacement value for the facility. A FCI of 0 equates to "new" condition and as the condition worsens, the FCI increases to 1.0, the point where refurbishment equals cost of replacement. The City has adopted the Recreation and Leisure Facilities Policy (RALFP) which states the city will strive toward a "managed care" level for existing facilities. Managed care is where the FCI is in the range from 0.1 to 0.2.

Property Asset Management

Efficiency Measurements

Cost Comparison of City Buildings Owned and Leased

	2005	2006	2007	2008	2009
Total City Leased Space Cost per sq ft	\$14.92	\$14.60	\$14.55	\$17.28	\$17.48
Total Owned Space Cost per sq ft	\$13.26	\$13.32	\$14.68	\$15.38	\$15.83
\$/sq ft difference (see note 1)	\$1.66	\$1.28	\$0.13	\$1.90	\$1.65
Percent Difference	-12.5%	-9.6%	-0.9%	-12.3%	-10.4%

Cost comparisons are based on generally accepted cost allocation methods consistent with industry practice.

Note: The Civic owned portfolio total cost surpassed the Civic leased portfolio total cost in 2007 due to reduced tenant improvement expenditures.

Comparison of In-house and Contracted Custodial Costs

Service Provider	2006	2007	2008	2009
In-house Costs per Square Foot (note 1)	\$3.10	\$3.16	\$3.31	\$3.47
Contracted Costs per Square Foot (note 2)	\$0.98	\$1.03	\$1.12	\$1.14
Total Average Cost per Square Foot	\$1.88	\$1.93	\$2.00	\$2.00

In 2010, 52% of custodial services were contracted out and 48% was performed by city staff. The ongoing goal is to strive for the most cost-effective service provision possible.

Note 1: In-house costs include salaries, benefits, cleaning supplies, uniforms and vehicle costs of the mobile cleaning crew.

Note 2: Janitorial costs as reported in the Division's year end financial statements.

Cemeteries

Description

Provides interment services and perpetually maintained cemeteries in order to ensure that all citizens have access to a range of choices in interment services. Service activities include:

- Interments
- Sale of plots/lots, niches and interment vaults
- Collection of fees and charges
- Maintaining and preserving interment records
- Interment searches
- Installation of flat marker memorials
- Tours of Brookside Cemetery Field of Honour
- Facilitation of open air memorial services
- Custodian of historical military monuments
- Design and preparation of future interment sites
- Facilities and physical site improvements
- Perpetual maintenance of cemetery grounds

Key Goals

1. Ensure that the service evolves to reflect the diversity of the community and increase public awareness.
2. Increase revenues to enable self sufficiency while continuing to act as a benchmark for cemetery services within Winnipeg.
3. Continue to develop environmentally sound work processes and practices.
4. Maintain the heritage of cemeteries and continue to promote their significance in the community.

Comparison of Perpetual Maintenance Reserve Funds of Municipally Owned and Operated Cemeteries

City	Cremation Lot	Full Size Internment Lot	Niche	Scattering
Brandon	20%	20%	20%	20%
Calgary	40%	40%	40%	0%
Edmonton	15%	15%	15%	0%
Winnipeg	25%	25%	15%	10%

Winnipeg's municipal owned and operated cemeteries perpetual maintenance reserve fund ensures that general maintenance and improvements will continue in the future after the cemetery is closed with no further property available for sale.

Note: There is no legislated requirement for a municipality, religious denomination or religious auxiliary owned and operated cemetery to have a perpetual maintenance fund. Each cemetery may create a perpetual maintenance fund by setting aside in a reserve fund a defined percentage of the purchase price of each type of cemetery property or service. Interest earned on investment of the perpetual maintenance fund contributes towards (i) the cost of maintenance and improvement of the cemetery grounds in perpetuity and (ii) reinvestment into the fund to ensure its continued growth. Perpetual care includes general maintenance, improvement and/or embellishment of cemetery properties, grounds, buildings and infrastructure.

Police Response

Includes:

- *Police Response*
- *Contract Policing*
- *Crime Investigation*
- *Police Training*

Description

The Police Response Service provides emergency, urgent, and non-urgent response to public calls for service. This includes disaster situations, danger to life and property situations, and lower risk to persons and property situations. In addition, the service undertakes criminal investigation services potentially leading to offender identification, arrest or other resolution. The service is also responsible for training all police and civilian members of the Winnipeg Police Service (WPS). Finally, the service ensures public order through planned response to large public gatherings and through contract service at targeted events such as professional sporting matches and film industry productions. The delivery of all aspects of this service depends on the collection, analysis, and dissemination of public safety, and criminal intelligence and information.

Key Goals

1. Reduce crime through evidence-based policing strategies.
2. Improve public service delivery in frontline operations.
3. Focus on downtown safety while balancing the needs of targeted neighbourhoods.
4. Focus on criminal prosecutions through improved quality and timeliness of report and evidence disclosure.

Clearance Rate by Major Crime Type - Winnipeg

Crime Type	2005	2006	2007	2008	2009
Crimes of Violence	61%	58%	65%	59%	57%
Property	15%	13%	12%	13%	11%
Other	24%	22%	23%	28%	92%

Source: Statistics Canada, Canadian Centre for Justice Statistics, Crime Statistics, All Police Services, Incident -Based Crime Statistics by detailed violations and police services.
Note: Clearance Rate is defined when a police investigation leads to the identification of a suspect against whom a charge could be laid, then that incident can be cleared.

Between 2007 and 2009, there has been a decrease in the clearance rate for Crimes of Violence, and an increase in the clearance rate of Other Criminal Code offences in Winnipeg. The Canadian Centre for Justice Statistics recently reclassified and recategorized some Criminal Code offences. Caution should be exercised in interpreting the data for 2009 with those of other years.

Assault	5,866	5,056	5,564	6,203
Abduction	13	5	20	21
Robbery	2,225	2,223	1,767	2,252
Violent Criminal Code Violations (select offences) Total	8,827	7,954	8,082	9,207
Violent Criminal Code (select offences) Rate	13.5	12.1	12.1	13.6

There has been an increase in the overall Crimes of Violence in Winnipeg in 2009.

Police Response

Clearance Rate by Major Crime Type (Percent)

Crimes of Violence	2005	2006	2007	2008	2009
Calgary	71%	68%	66%	65%	66%
Edmonton	56%	54%	60%	52%	58%
Winnipeg	61%	58%	65%	59%	57%
Crimes Against Property					
Calgary	25%	25%	21%	23%	22%
Edmonton	17%	16%	19%	19%	19%
Winnipeg	15%	13%	12%	13%	11%
Other Criminal Code					
Calgary	43%	44%	42%	42%	94%
Edmonton	46%	47%	47%	55%	96%
Winnipeg	24%	22%	23%	28%	92%

The Canadian Centre for Justice Statistics recently reclassified and recategorized some Criminal Code offences. Caution should be exercised in interpreting the comparison data for 2009 with those of other years. Source: Statistics Canada, Canadian Centre for Justice Statistics, Incident-Based Crime Statistics by detailed violations and police services.

Between 2005 and 2009, Winnipeg's clearance rate for Other Criminal Code Offences was lower than the clearance rates for both Calgary and Edmonton. Source: Statistics Canada, Canadian Centre for Justice Statistics, Clearance Rates, Major Crime Categories, Municipal Police Services. Factors such as socioeconomic, crime trends and patterns will vary from city to city. For example, stolen auto investigations do not always result in arrests.

Response Times by Priority (minutes)

Priority Level	2006	2007	2008	2009
Priority 0	6.4	8.3	6.5	6.8
Priority 1	9.2	11.9	8.5	8.2
Priority 2	14.1	15.2	12.5	11.6
Priority 3	46.4	57.2	54.2	56
Priority 4	48.9	59.3	53.5	62.4
Priority 5	127.7	140.2	134.9	141.9
Priority 6	103.6	110.3	108.5	109.6
Priority 7	122.2	129.9	143.6	148.2
Priority 8	125.1	39.1	37.6	35.9
Priority 9	161.1	179.2	169.7	171

Priority 0: Major Disaster; Officer in Need of Assistance
 Priority 1: Danger to Life or Grievous Bodily Harm
 Priority 2: Impending Danger to Life or Grievous Bodily Harm
 Priority 3: Urgent Person Incident
 Priority 4: Urgent Property Incident
 Priority 5: Non-Urgent Person Incident
 Priority 6: Non-Urgent Property Incident
 Priority 7: Low Risk or Threat
 Priority 8: Telephone Response
 Priority 9: Planned Response

In January, 2006, the WPS implemented a new telephone response protocol, which enabled the WPS to reduce the number of priority level 8 events for service which required dispatch of a police unit. The system was enhanced in December, 2006.

Caution must be used when examining the data. The results are based on specific criteria which exclude external or unusual factors. The figures are to be utilized only for internal comparisons on a year by year basis to identify general trends. For a detailed explanation of response time results, contact the WPS Organizational Development and Support Division.

Numerous factors impact on how quickly police respond to calls for service, including the volume of calls in the queue, information provided by the caller, weather conditions, roadway network, distance to the dispatch location, and traffic levels. Therefore, industry standards do not exist for police response to emergency calls, and Canadian benchmarking data is not readily available.

Responses to Priority 1 and Priority 2 calls has steadily improved over the last 3 years.

Percentage of Stolen Property Value Recovered

Wpg. Trend	2006	2007	2008	2009
	4.08%	4.22%	6.21%	4.57%

Source: Winnipeg Police Information Systems

The percentage of stolen property value recovered has decreased in 2009 closer to historical levels.

Police Response

Crime Severity Index

Winnipeg	2007	2008	2009
Violent Crime Severity Index	201.51	180.58	208.02
Non-Violent Crime Severity Index	149.13	115.11	109.63
Crime Severity Index	163.67	133.30	136.96
Calgary			
Violent Crime Severity Index	96.22	91.25	89.23
Non-Violent Crime Severity Index	91.20	81.96	76.14
Crime Severity Index	92.60	84.54	79.78
Edmonton			
Violent Crime Severity Index	157.84	161.00	143.72
Non-Violent Crime Severity Index	141.03	128.51	123.40
Crime Severity Index	145.70	137.53	129.04

The trend to increases in violent crime is highlighted, with decreases in non-violent crime continuing their trend. Introduced in 2009 by the Canadian Centre for Justice Statistics, the Crime Severity Index is a new tool for measuring police-reported crime by taking into account the change in volume of a particular crime, and the relative seriousness of that crime in comparison to other crimes (the seriousness is based on an assigned weight derived from incarceration rates for the offence type and the average prison sentence). The Crime Severity Index is expressed as a standardized measure adjusted to equal 100 in the base year 2006.

Efficiency Measurements

Police Service Costs per Capita

Wpg. Trend	2006	2007	2008	2009
	\$206	\$202	\$209	\$223

As Statistics Canada no longer provides benchmarking cost per capita data the Service has recalculated the data using the actual net mill rate contribution as the basis for calculation.

Rate of Sworn FTE (per 100,000 population)

Winnipeg Police Service rate of sworn full-time equivalent officers is above the mean of 190 when compared to nine other major Canadian cities.

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	194	196	202	204

Source: Statistics Canada, Canadian Centre for Justice Statistics, Police Resources in Canada

Police Response

Winnipeg's rate in 2009 of non-sworn FTE is below the mean of 63.0 when comparing with nine other Canadian cities.

Counts include civilian and other personnel (e.g. clerical, dispatch, management, cadets, special constables, security officers, school crossing guards, by-law enforcement officers) on the police department's payroll as of May 15 of the noted calendar year.

Wpg. Trend	2005	2006	2007	2008	2009

Crime Prevention

Includes:

- *Community Policing*
- *Street Lighting*
- *Park Policing*
- *Crime Prevention Initiatives*

Description

To provide citizens with crime awareness and education, enhanced relationships with targeted neighborhoods and schools, as well as provide effective street lighting in order to proactively aid in crime prevention and disorder.

Key Goals

1. Promote positive interaction within neighbourhoods and among cultural groups.
2. Reduce crime victimization.
3. Increase effectiveness and cost efficiencies of street lighting.

Service Level Statistics

* On October 3, 2008, Districts 4 and 5 amalgamated into the East District. Caution should be exercised in interpreting the comparison data.

** Starting in 2010, the Winnipeg Police Service changed the reference to its public survey to reflect the year in which the data was collected.

Source: Winnipeg Police Service General Surveys, Organizational Development and Support Division.
Note: Total safe combines very safe and reasonably safe responses. The Winnipeg Police Service conducts a public survey in even-numbered years, with data collected reflecting public opinion for the last year.

Police District Map (2007)

Criminal Code Offences per 1,000 Population by Major Crime Type Rate

Winnipeg	2006	2007	2008	2009
Population	653,372	658,762	666,813	675,324
Violent Offences	11,033	9,629	9,890	11,246
Non-Violent Offences	65,751	58,214	48,006	41,152
Violent Rate	16.9	14.6	14.8	16.7
Non-Violent Rate	100.6	88.4	72	60.9
Calgary	2006	2007	2008	2009
Population	1,027,613	1,057,073	1,081,845	1,125,001
Violent Offences	9,360	8,633	8,665	8,988
Non-Violent Offences	56,219	54,638	51,219	43,571
Violent Rate	9.1	8.2	8.0	8.0
Non-Violent Rate	54.7	51.7	47.3	38.7
Edmonton	2006	2007	2008	2009
Population	758,977	778,891	795,937	818,339
Violent Offences	8,223	10,242	10,826	11,080
Non-Violent Offences	71,823	66,323	61,850	50,095
Violent Rate	10.8	13.1	13.6	13.5
Non-Violent Rate	94.6	85.2	77.7	61.2

Although overall crime rates have declined over the last three years, violent offences have increased in all 3 municipalities. The other cities have seen little change in the last two years in their violent rate per capita although Winnipeg has shown an increase from 2008 to 2009.

Crime Prevention

Youth Charged Rate by Major Crime Type

Winnipeg	2007	2008	2009
Population	658,762	666,813	675,325
Violent Criminal Code Violation Rate	1.2	1.2	1.2
Property Crime Rate	1.7	1.3	1.1
Other Criminal Code Violation Rates	1.9	0.9	1
Calgary	2007	2008	2009
Population	1,057,073	1,081,845	1,125,001
Violent Criminal Code Violation Rates	0.6	0.5	0.4
Property Crime Rate	1.2	1.1	0.9
Other Criminal Code Violation Rates	0.5	0.4	0.4
Edmonton	2007	2008	2009
Population	778,891	795,937	818,339
Violent Criminal Code Violations Rate	0.7	0.8	0.7
Property Crime Rate	1.5	1.3	1.3
Other Criminal Code Violation Rates	1.1	1.5	1.3

Winnipeg has a higher rate of youth being charged for violent criminal code offences as compared to the other cities listed.

Motor Vehicle Theft per 1,000 Population

The trend continues to show Winnipeg's success in lowering stolen auto rates the last number of years.

Wpg. Trend	2005	2006	2007	2008	2009
Motor Vehicle Theft	n/a	n/a	18.6	10.3	6.7

Crime Prevention

Efficiency Measurements

Average Maintenance Cost per Street Light

Wpg. Trend	2006	2007	2008	2009
	n/a	\$97.50	\$97.50	\$91.17

The cost is averaged across all types of street lights. The cost does not include energy use.

Average Prevention Cost per Public Person Attending Events/Presentations

Wpg. Trend	2006	2007	2008	2009
	\$0.93	\$1.00	\$0.97	\$0.80

Costs have significantly decreased resulting in a reduction to the average cost per public person attending events/presentations.

Traffic Safety and Enforcement

Includes:

- Traffic Safety & Enforcement - Automated
- Traffic Safety & Enforcement - Officer
- Traffic Safety & Enforcement - Division

Description

To change driver behaviour through public awareness and enforcement initiatives in order to ensure safer streets and highways for all citizens.

Key Goals

1. Enhance traffic safety through a strategic approach that includes traffic data analysis and targeted enforcement.
2. Enhance traffic safety through increased public awareness and education.
3. Increase effectiveness of the photo enforcement program.

Service Level Statistics

Description	2007	2008	2009
Total Sworn Member Complement	1,318	1,328	1,348
Total Sworn Traffic Member Complement	40 [A]	35	34
Percentage of Total Complement	3.0%	2.6%	2.6%
Number of Residents per Sworn Traffic Member	16,297	19,046	19,862
General Traffic Enforcement

Photo Enforcement			
Red Light and Speeding Offences (Intersection Safety Cameras)	62,215	48,877	44,275
Speeding Offences (Mobile Photo Enforcement Units)	74,442	118,692	66,383
Impaired Driving			
Persons Charged with Impaired Driving	491	473	542
Persons Charged with Fail/Refuse to Provide a Breath/Blood Sample	170	173	198
Traffic Collision Investigations by Traffic Collision Analysts			
Fatal Collisions [C]	25	14	11
Fatalities	26	15	13
Serious Non-Fatal Collisions	11	18	15
Other Traffic Services			
Parades, Escorts, Funerals	114 [D]	144	152

[A] Complement numbers are given in full time equivalents (FTE), as some members were assigned to traffic enforcement or investigation, for only part of the calendar year.

[B] An additional factor in this increase is due to a number of extra enforcement days conducted by the Police Service.

[C] The previously listed category of Collisions Fatalities contained information on Fatal Collisions, and had inaccurate data values for 2006 and 2007. It has been renamed as Fatal Collisions to reflect the data in it, and all values have been corrected.

[D] The 2007 value for Parades, Escorts and Funerals was previously listed as 144. This incorrect value has now been corrected.

Efficiency Measurements

Number and Cost of Photo Enforcement Tickets

The cost per photo enforcement ticket decreased in 2008 as a result of the contract with the service provider being renegotiated at the end of 2007. As a result of an increase in issuing tickets in construction areas in 2008 the cost per ticket was reduced. This was reversed in 2009 where there was a drop in their issuance. The continuing trend of fewer tickets being issued overall will also result in an increase of the cost per ticket as there are fixed costs that exist despite changes in the volume of tickets being issued.

Cost per Ticket

City	2008	2009
Edmonton	\$12.86	n/a
Winnipeg	\$31.43	\$47.97
Toronto	\$61.56	\$48.14

Traffic Safety and Enforcement

Photo Enforcement Costs per Capita

The photo enforcement cost per capita is comparable in 2008 and 2009.

	n/a	\$11.02	\$10.84	\$7.90	\$7.89

Fire and Rescue Response

Includes:

- *Fire and Rescue Response*
- *Fire Investigation*

Description

To provide quick, proficient, emergency and nonemergency fire suppression and rescue assistance to victims of fire, accidents, and other disasters or emergencies in order to prevent or minimize loss of life or property. This includes fire suppression, notification and evacuation of citizens, rescue services including motor vehicle extrication, high angle, trench, elevator, water, and ice rescue, investigation and mitigation of carbon monoxide or other gas leaks, and other hazardous materials incidents.

Additional contributions include standby fire and rescue service at public events, support to public education programs, supplement fire inspection and by-law enforcement program, fire investigation services potentially leading to offender identification, arrest and/or counselling in regard to incidents of deliberately set fires and response to medical emergencies.

Key Goals

1. Improve capacity to effectively respond to emergencies and disasters in a manner that is financially sustainable for the citizens of Winnipeg.
2. Invest in technology, equipment, and staff training to maximize safety for all emergency responders as well as the public.
3. Invest in technology, equipment, and staff training to protect the environment.
4. Ensure a respectful work environment and positive public image.

Fire and Rescue Response

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Fire Service Response to Fire Incidents

Citizen satisfaction with fire service response to fire and rescue incidents remains extremely high.

	2003	2004	2007	2009	2010
Total Satisfied	97.6%	97.3%	97.8%	92.8%	96.5%

Fire Response Time

The Winnipeg Fire Paramedic Service strives to achieve a response time for the first arriving engine at a fire/rescue incident in four minutes or less, 90% of the time.

In 2009, the average response time for the first arriving engine to emergency fire/rescue incidents was 3.17 minutes, and 79.6% of the time, responses were within four minutes.

Total Citizen Fire Deaths per 100,000 Population

Wpg. Trend	2007	2008	2009
	0.9	1.1	1.3

Over the last ten years, the average annual number of civilian fire deaths experienced is 6. In recent years, the rate is less than the ten year average, but the trend has increased marginally, with 2009 having two fires with multiple fatalities.

Fire and Rescue Response

Incidents (Fire & Alarms) Responded per 1,000 Population

Wpg. Trend	2007	2008	2009
	85.00	84.70	95.14

The number of incidents responded to per 1,000 population is increasing steadily. This can be attributed to increasing numbers of medical calls as well as increasing numbers of cellular telephone calls.

Efficiency Measurements

Fire Rescue Cost per \$1,000 Assessed Property Value

Measure Value	2006	2007	2008	2009
	\$2.31	\$2.63	\$2.65	\$2.63

For every \$1,000 of assessed property in 2009, Winnipeg spent \$2.63 on fire protection.

Fire & Rescue Response Cost per Capita

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	\$120	\$126	\$128	\$121

The overall per capita cost for fire protection is decreasing steadily due to the population increases being experienced. In 2008, the addition of a temporary fire station and firefighters to provide adequate response coverage during the floodway expansion resulted in increased costs for that one year. The additional staff was since absorbed through attrition.

Number of Sworn Fire & Rescue Personnel per 1,000 Population

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	1.33	1.33	1.36	1.29

In 2009 in Winnipeg, there were 1.29 sworn fire/rescue personnel per 1,000 citizens.

In 2008, additional staffing for a temporary Station 27 was provided through a Provincial grant for a one-year term to enhance coverage during the Floodway Expansion project.

Fire and Injury Prevention

Includes:

- *Fire & Injury Prevention Education*
- *Fire Inspection*

Description

To protect citizens, and minimize loss of life and property due to fire through ensuring adherence to existing building standards for construction, safety, and egress.

To provide citizens with fire and life safety education, advice, and promote safe choices that will reduce the need for emergency fire, rescue and medical services.

Key Goals

1. Ensure safety of housing and other buildings through plan examinations, inspections, and fire code and by-law enforcement.
2. Identify and engage key target audiences to maximize effectiveness of educational opportunities.
3. Decrease the incidence of fire or injury emergencies through expansion of public education programs.
4. Investigate and pursue partnerships to enhance ability to prevent fire and injuries.
5. Save lives through promotion of public access defibrillation, and 'demand reduction' initiatives such as plan examinations and residential sprinklers.

Service Level Statistics

Description	2007	2008	2009
Fire Prevention By-Law/Bldg Code Inspections*	8,853	7,641	5,719
Operations Inspections**	9,437	7,362	3,199
Permits Issued	373	452	403
Property File Searches/Plans Examined	1,358	1,228	1,116
Fire Safety House	160	126	136
Other Community Events	175	199	203
Fire Safety Lectures/Presentations***	628	354	354
Medical/Injury Prevention Lectures/Presentations****	87	47	22
Youth Fire Stop	267	227	171
Career Symposiums	18	17	16
Car Seat Inspections	528	597	468
Evacuation Fire Drills	111	635	617
Fire/Paramedic Station Tours	426	319	323
Public Service Announcements (Media)	97	97	97

* Numbers of Fire Inspections have declined in recent years, due to a number of factors. Inspectors now focus more efforts on larger and "high risk" occupancies such as hotels and rooming houses which require more resources, but provide the greatest opportunity for improvement. In addition, these cases are more complex and require more involvement with the court system.

** Operations Inspections has decreased due to the removal of Vacant Buildings Inspections from the department.

*** Legislative changes have resulted in the majority of fire extinguisher training being delivered by qualified, licensed private sector companies. While the Office of the Fire Commissioner provides the training, Winnipeg Fire Paramedic Service oversees the licensing for these providers.

**** Public Education direct service statistics declined in 2009 due to a variety of reasons including changes in service delivery, and Branch realignment. The Public Education Branch now provides more online information, and targets more major events with larger audiences. After the implementation of the 311 system, it was noted that the requests for Public Education events had dramatically decreased. After re-installing former phone number in 2010, an increase has occurred.

Wpg. Trend	2006	2007	2008	2009
	\$0.06	\$0.07	\$0.08	\$0.11

The cost of inspections per \$1,000 of assessed property value was 10.6 cents in 2009.

Fire and Injury Prevention

Public Education Cost per Event

Wpg. Trend	2006	2007	2008	2009
	\$114	\$227	\$239	\$346

The average cost of a fire & injury prevention public event provided by the Public Education Branch in 2009 was \$346. These events vary greatly from small events such as babysitter training courses and seniors injury prevention courses, to medium-sized events such as school assemblies and fire drills, and large events such as the Children's Festival and Teddy Bears Picnic. The Public Education Branch has included partnerships with other agencies as a strategy to minimize costs and increase audiences.

Cost for Fire & Injury Prevention Education per Capita

Wpg. Trend	2007	2008	2009
	\$0.83	\$0.94	\$1.23

The Public Education Branch has included partnerships with other agencies as a strategy to minimize costs and increase audiences.

In 2009, the Winnipeg Fire Paramedic Service attended 2,408 events with a total reported attendance of 165,700 people.

Medical Response

Includes:

- *Medical Response*
- *Medical Transfers*

Description

To provide quick, proficient primary response to all medical emergency situations, including the provision of pre-hospital patient care, patient transport to hospital, patient transfer services between facilities, and standby at critical police and fire rescue incidents, and special events.

Key Goals

1. Improve capacity to effectively respond to medical emergencies in a manner that is financially sustainable for the citizens of Winnipeg.
2. Improve quality of medical service provided.
3. Expand the quality improvement process to quantify and improve customer satisfaction.
4. Pursue partnerships to enhance delivery of medical service.
5. Ensure a respectful work environment and positive public image.

Medical Response

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Emergency Response
(paramedics or ambulance - respondents who used services)

In 2010, there was a significant increase in satisfaction for those respondents who used emergency medical response such as paramedics or ambulance.

	2003	2004	2007	2009	2010
Total Satisfied	n/a	91.6%	95.1%	83.8%	99.3%

The Winnipeg Fire Paramedic Service strives to achieve a response time for a Basic Life Support (BLS) unit (fire or ambulance) within 4 minutes 90% of the time.

In 2009, the average response (travel) time for a BLS unit to emergency medical incidents was 3.35 minutes, and 75.6% of the time, responses were within 4 minutes.

Number of Emergency Medical Responses per 1,000 Population

Wpg. Trend	2007	2008	2009
	72.10	74.09	78.04

In 2009, the Winnipeg Fire Paramedic Service responded to 78 medical incidents for every 1,000 citizens. The increase the City is seeing is due in part to an aging population combined with shorter hospital stays and increasing numbers of palliative care patients staying in the community.

Medical Response

Average Ambulance Hospital Wait Time (minutes)

Wpg. Trend	2007	2008	2009
	45	51	55

The average ambulance time in hospital for each emergency patient transported has increased to 55 minutes for 2009. This is due to the hospitals' inability to admit patients in a timely manner. Winnipeg Fire Paramedic Service and the Winnipeg Regional Health Authority continue to work on strategies to address these issues.

Efficiency Measurements

Emergency Medical Service Cost per Capita

While the cost per capita for the Emergency Medical Service (EMS) in Winnipeg was \$57.49 in 2009, 10.96 (or 19%) was funded through City tax supported budget. The Winnipeg Fire Paramedic Service continues to negotiate a new funding formula with the Winnipeg Regional Health Authority.

These costs may not be comparable to other EMS-only services in Canada, as costs for staffing and equipping fire trucks with paramedics are included.

Service Cost per Call (Emergency Responses)

Wpg. Trend	2006	2007	2008	2009
	\$115.23	\$97.19	\$78.93	\$116.61

The average service cost to the citizens of Winnipeg was \$116.61 for each emergency medical call responded to in 2009. This includes the costs of paramedic-staffed fire units that provide emergency medical response.

City Service Cost per Call (Interfacility Transfers)

Wpg. Trend	2006	2007	2008	2009
	\$46.27	\$95.64	\$77.04	\$0.33

The service cost to the citizens of Winnipeg for each interfacility patient transfer has decreased from \$77.04 in 2008 to 33 cents due to the recent assumption of costs by the Winnipeg Regional Health Authority.

Disaster Preparedness and Response

Description

To provide a prompt and coordinated response by the City of Winnipeg to major peacetime disasters by:

- Minimizing the impact of an emergency or disaster on the City of Winnipeg.
- Protecting and preserving the health and property of the citizens of Winnipeg.
- Maintaining and restoring essential services during an emergency or disaster.
- Acting as a host community for evacuees from outside the city upon request from the proper authority.

Key Goals

1. Prepare and test plans and strategies for new and emerging health risks and hazards.
2. Develop new and/or enhance current partnerships with other levels of government, authorities and community agencies.
3. Enhance the City's emergency plan to be more responsive to the needs of at risk populations (e.g. disabled, seniors, and children) and geographic communities and stakeholders within Winnipeg.
4. Provide emergency preparedness education and training to staff, partnering agencies and the general community.

Service Level Statistics

Event	2005	2006	2007	2008	2009
EOC Activation	n/a	10	6	3	4
Emergency Exercises	n/a	9	7	4	4

The City continues to stage several mock disasters/exercises each year including mock partner agencies to ensure inter-agency awareness and effective working relationships are in place.

Real emergencies provide a practical application of the working knowledge and relationships developed during these exercises. Yearly numbers vary greatly depending on the emergency situations experienced.

Disaster Preparedness and Response

Efficiency Measurements

EOC Operating Cost per Capita

Wpg. Trend	2006	2007	2008	2009
	\$0.54	\$0.45	\$0.36	\$0.43

In 2007, the Emergency Operations Centre support staff was reduced and the Disaster Preparedness Coordinator was co-located within the Fire Paramedic Service.

Recreation

Includes:

- *Aquatics Programs*
- *Ice / Skating Programs*
- *Sport / Fitness / Wellness Programs*
- *Casual Recreation Facility Use*
- *Community Centre Grants*

Description

Provide high quality aquatics, recreation and leisure opportunities/programs in order to enhance life skills, community leadership development and overall quality of life for citizens in our neighbourhoods.

Key Goals

1. Continuously improve services to be more responsive to the recreational, cultural and leisure needs of Winnipeggers.
2. Provide leadership and support the work of other service providers to build the foundation for quality of life and to promote a safe and healthy community.
3. Provide recreation services which are financially sustainable by collaborating and leveraging resources through partnerships.
4. Provide equitable opportunities to participate in recreation programs and services.
5. Provide meaningful and relevant recreational opportunities to increase the participation of Aboriginal youth in City of Winnipeg services.
6. Provide community development and recreation opportunities for vulnerable youth as an integral component of crime prevention efforts.
7. Provide safe and healthy environments in the delivery of programs conducive to an enjoyable experience and personal well-being.

Recreation

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Recreation Programs (respondents who participated in recreation programs)

In 2010, approximately 88% of citizens who participated in recreation programs were satisfied with the programs offered by the City.

	2003	2004	2007	2009	2010
Total Satisfied	94.0%	79.0%	78.9%	79.7%	88.4%

Citizen Satisfaction with Condition of Recreation Facilities

For those respondents who use recreation facilities, satisfaction with the condition of recreation facilities was about 80% in 2010.

	2003	2004	2007	2009	2010
Total Satisfied	82.3%	73.3%	70.1%	74.2%	80.3%

Number of Registrants per 1000 Population

Program	2008	2009
Aquatics	51.81	51.80
Learn to Skate	8.53	9.15
Recreation and Leisure	51.63	51.05

This measurement represents the number of registrants for paid programming only and does not include free programming participants.

Recreation and Leisure excludes Aquatics and Learn to Skate.

Recreation

Efficiency Measurements

An increase in the number of indoor pool attendees in 2009 resulted in a decrease in the programming and maintenance costs per attendee as compared to both 2007 and 2008.

Costs include programming, facility maintenance and allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

An individual is counted as an attendee every time they attend an arena for Department operated skating lessons.

The increased program cost per attendee in 2009 relates to an organizational restructuring and a refinement of cost allocations to Learn to Skate.

Decreased arena maintenance costs in 2009 reflect fewer emergency repairs.

Costs include programming, facility maintenance and allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

Participant visits are based on hourly head counts of participants in the wading pool basin. In 2008, the number of wading pools decreased from 94 to 91 due to spray pad conversions. Spray pad attendance is not collected as sites are not supervised.

In 2009 the cost per participant increased due to fewer participant visits as a result of cooler weather conditions during the wading pool season.

Costs include programming, facility maintenance, and allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

Recreation

Total Operating Cost per Participant Visit Based on Actual Usage

Participant visits are based on attendance for all registered programs and free (drop-in) programs.

The total cost of Recreation programming is split 50/50 between programming and maintenance costs.

An increase in the number of participant visits in 2009 resulted in a decrease in the programming and maintenance costs per participant visit as compared to 2008.

Costs include total programming, facility maintenance, and allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services). Community Centre expenditures are excluded.

Sports and Recreation Fees as a Percentage of Operating Cost

Wpg. Trend	2008	2009
	26.0%	28.0%

User fees include Leisure Guide course registration fees, membership pass sales, facility rental fees, and facility usage admission fees.

Total operating cost is funded 28% from user fees, with 72% funded by the City.

Costs include total programming, facility maintenance, and allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services). Community Centre expenditures are excluded.

Golf Services (SOA)

Description

The City of Winnipeg has operated municipal golf courses since 1921. Winnipeg Golf Services was established in 2002 to administer the City's 12 golf course assets. The Agency is responsible for operating and maintaining golf courses, managing contracts and leases for City lands used by privately operated golf courses, managing a contracted cross country ski operation and other services compatible with a golf operation.

Key Goals

1. Improve golf course playability.
2. Provide high quality customer service.
3. Ensure financial and environmental sustainability.
4. Improve the image of municipal courses.
5. Increase revenues from associated services.

Service Level Statistics

Description	2007	2008	2009
Kildonan (39.49 hectares)			
Days Open	201	202	173
Total Rounds	34,718	30,407	27,860
Windsor (46.13 hectares)			
Days Open	185	185	165
Total Rounds	30,522	30,953	24,908
Crescent Drive (15.39 hectares)

Operating Cost per Round	\$12.04	\$16.85	\$18.30	\$19.85
Crescent Drive Golf Course	2006	2007	2008	2009
Total Cost (Operations)	\$314,842	\$360,457	\$337,124	\$310,635
Total Revenue (Operations)	\$285,383	\$292,381	\$261,300	\$270,172
Net Revenue (Operations)	(\$29,459)	(\$69,076)	(\$75,824)	(\$40,463)
Operating Cost per Round	\$11.01	\$15.06	\$16.52	\$15.42

Winnipeg Golf Services' operating cost per round increased in 2009 as unseasonable cool and wet weather conditions contributed to a decrease in the number of rounds played at the golf course.

* Note: Only direct operating costs for each course. No administrative charges included.

Community Health

Includes:

- *Community Health Inspections*
- *Community By-law Enforcement*
- *Bicycle Recovery*
- *Citizen Crisis Response*
- *Social Grants*

Description

To provide promotion, prevention, protection and regulatory services to support a healthy community including:

- Community by-law enforcement services with a focus on neighbourhood liveability including housing and property standards.
- Public health inspection services with a focus on food handling establishment standards, institutional standards and recreational water facilities standards in the inner Winnipeg area.
- Business Licensing (Doing Business in Winnipeg By-law), Taxicabs, Civic Charities and Raffles.
- Crisis response coordination - connecting citizens to available services as required in relation to mandated city services.
- Emergency health and social services response to citizens during local emergencies and disasters.
- Administration of social grants to community organizations to provide a service that the City of Winnipeg would otherwise need to provide in support of safe and healthy neighbourhoods.

Key Goals

1. Reduce intergovernmental jurisdictional overlap with respect to public health inspection, enforcement of property standards by-laws and the regulation of civic charities and raffle lotteries.
2. Support healthy communities through the administration and enforcement of health and safety legislation, including the Neighbourhood Liveability By-law.
3. Provide effective community crisis response services for citizens identified in need by civic departments.

% of Bicycles returned to Owner/Insurance Company	3.1%	2.5%	2.2%

* Environmental Health Services area of responsibility is limited to the inner Winnipeg area.

** In 2008, Council adopted the Doing Business in Winnipeg By-law, which reduced the licensing categories.

*** Significant increase in complaints due to the consolidation of services (i.e., vegetation control, vacant buildings, additional property standards) into the CBES unit, increased awareness of 311, and increased visibility of by-law enforcement officers.

Community Health

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Efforts to Ensure Restaurant Health Standards are Met

Citizens continue to remain satisfied with the efforts in ensuring health standards are met through inspections. Approximately 86% of citizens indicated that they were satisfied in 2010.

	2003	2004	2007	2009	2010
Total Satisfied	n/a	70.5%	51.3%	81.8%	85.8%

Citizen Satisfaction with Efforts to Ensure Residential Property Standards are Met Through Inspections

This is a new measurement. Satisfaction with the efforts in ensuring residential property standards are met through inspections was approximately 73% in 2010.

Number of Critical Food Service Infractions per Food Service Establishment

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	0.71	0.84	0.81	0.99

The goal is to reduce the number of critical food service infractions per food service establishment in the inner Winnipeg area. Critical food infractions are defined as infractions that could contribute to foodborne illness.

Community Health

Average Number of Days from Complaint to Inspection (By-law Enforcement Officers & Public Health Inspectors)

Wpg. Trend	2008	2009
	5.7	9.2

The increase in the number of days from complaint to inspection is mainly due to a 160% increase in the number of service requests. In 2009, the average number of days from complaint to inspection was 9.2. This remains within the service level agreement standard of 10 days, which was identified for 311 purposes.

Percentage of Compliance to Specified By-Laws

Wpg. Trend	2009
	78.0%

This is a new measurement for 2009. It indicates the percentage of compliance to Property Standard issues without the use of orders.

Number of Specified By-Law Complaints per 100,000 Population

Wpg. Trend	2009
	1,819

This is a new measurement for 2009.

Efficiency Measurements

Average Number of Annual Inspections per Public Health Inspector

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	664	743	649	654

Public health inspection services continue to be allocated based on community need.

Community Health

Number of Property Standard Complaint Files per By-Law Officer

Wpg. Trend	2009
	712

This is a new measurement for 2009. Property Standard complaints include yard and vegetation complaints. Vegetation Control is a new program adopted by the division in 2009.

Enforcement Operating Cost for all Specified By-laws per 100,000 Population

Wpg. Trend	2009
	\$359,162

This is a new measurement for 2009. Cost includes allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

Libraries

Includes:

- *Library Circulation*
- *Library Information*
- *Children's Library*

Description

To enrich the lives of all Winnipeg citizens and their communities by providing high quality, responsive and innovative library services.

Key Goals

1. To provide the public with equitable access to library materials in a variety of formats and in a convenient and cost-effective manner.
2. To provide library users with access to new and enhanced services.
3. To provide timely assistance to the public in their search for materials and information.
4. To provide the public with high quality programs in all branches with an emphasis on literacy and life-long learning.
5. To provide the public with library facilities that are safe, convenient and accessible community places.
6. To market and promote the collections, programs and services of the library system to ensure maximum public benefit.
7. To provide qualified, well-trained staff that reflects the diversity of the community.
8. To provide collections, services and programs that are responsive to the needs of Winnipeg's diverse communities.

Total Satisfied	91.6%	86.4%	92.6%	91.6%	96.1%

Material Expenditures Per Capita (2009)

In 2009, Winnipeg ranked 25 out of 33 Canadian Urban Libraries Council (CULC) Libraries in terms of material expenditures per capita.

The benchmarking information for other Canadian cities is based on 2009 CULC statistics.

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	\$4.16	\$3.89	\$3.97	\$4.39

Circulation Per Capita (2009)

In 2009, Winnipeg ranked 31 out of 37 CULC Libraries in terms of circulated items (books, DVDs, magazines etc.) per capita.

The benchmarking information for other Canadian cities is based on 2009 CULC statistics.

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	n/a	8.24	8.23	8.48

Active Borrowers as a Percentage of Population

Wpg. Trend	2009
	22.07%

This is a new measurement for 2009.

Libraries

Efficiency Measurements

In 2009, Winnipeg ranked among the lowest of cities in terms of full-time equivalent staff per 100,000 population.

Staffing numbers include allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

The benchmarking information for other Canadian cities is based on 2009 CULC statistics.

Operating Costs of Library Services per Capita

Wpg. Trend	2005	2006	2007	2008	2009
	n/a	\$36.74	\$37.54	\$38.24	\$38.12

The operating costs per capita are similar from 2006 to 2009.

Costs include allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

Annual Library Uses per Capita

Wpg. Trend	2009
	24.4

One of the primary goals of the library is to maximize the use of library resources and services. Library use includes total use from circulation, program attendance, in library use, workstation use, wireless connections, electronic database use, reference transactions, electronic reference transactions, library visits, and electronic visits (website and estimated catalogue visits).

Libraries

Salaries as a Percentage of Expenditure (2009)

In 2009, Winnipeg ranked 33 out of 37 CULC libraries when comparing salaries as a percentage of expenditure.

Expenditures include Library Services Division expenditures and costs include allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

The benchmarking information for other Canadian cities is based on 2009 CULC statistics.

Arts, Entertainment and Culture

Includes:

- Arts, Entertainment and Culture Events
- Arts, Entertainment and Culture Grants
- Assiniboine Park Conservancy
- Museums

Description

To provide citizens and visitors with attractions, entertainment, arts and cultural events that contribute to a dynamic urban image, economic development and a vibrant city lifestyle through:

- Operating and capital grant support to the Assiniboine Park Conservancy Inc., a not-for-profit corporation established to manage, fundraise and redevelop Assiniboine Park and its attractions. Assiniboine Park is a 400 acre manicured English landscape style park featuring a zoo with one of Canada's largest animal collections, a conservatory with ever-changing botanic displays, outdoor gardens, theatre, performance and art displays, annual community events, trails, meadows and athletic fields for year-round leisure activities;
- Grant support to museums, arts, entertainment and cultural communities to provide a wide range of events, shows and displays for Winnipeg residents and visitors to the City;
- Attracting and assisting film-makers and event organizers by providing logistical support, facilitated contact and liaison with civic departments, private sector business and organizations in support of a welcoming community for film activities and a strong and vibrant calendar of cultural and special events.

Key Goals

1. Complete the transition from civic operations to management of Assiniboine Park by the Assiniboine Park Conservancy.
2. Work with Assiniboine Park Conservancy to support capital development and improvement to the Park.
3. Support film, culture and special events by working cooperatively with civic departments and other organizations to provide logistical support to the film industry, event organizers, and arts organizations.

Insect Control

Description

Provide insect abatement in order to protect persons and properties against the negative effects of insects while minimizing impact on the environment.

Key Goals

1. Effective and coordinated nuisance mosquito control and West Nile Virus response.
2. Implement the Insect Control Strategy utilizing a phased in approach approved by Council in March 2005.
3. Protect the urban forest by reducing the damage caused by insects, including Elm Bark beetles and cankerworms.
4. Enhance insect abatement initiatives while minimizing the impact on the environment.
5. Enhance public education and communication systems.

Insect Control

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Insect Control

Approximately 80% of citizens are either somewhat satisfied or very satisfied with Insect Control Services, relatively constant for the last four surveys.

	2003	2004	2007	2009	2010
Total Satisfied	92.9%	81.1%	85.2%	81.0%	81.1%

Percentage of Hectares Treated with Biorational Insecticides

Wpg. Trend	2006	2007	2008	2009
	31.3%	36.2%	47.4%	48.6%

The City of Winnipeg was the first municipality to use biorational insecticides (environmentally friendly) for mosquito control. These programs began in 1984. The percentage of hectares treated with biorational products has continued to increase, reaching 48.6% in 2009.

Number of Days Nuisance Mosquito Fogging Required

Wpg. Trend	2006	2007	2008	2009
	4	19	12	13

In 2006, weather conditions were normal temperatures with very low precipitation. In 2007, weather conditions were very wet in the spring followed by a hot, dry summer. In 2008, weather conditions were a wet spring followed by a normal summer. In 2009, weather conditions were a cool, wet spring followed by a warm, wet summer.

Insect Control

Efficiency Measurements

Cost per Hectare for Aerial Application of Biorational Larvicides

Wpg. Trend	2006	2007	2008	2009
	\$143	\$131	\$191	\$202

As programs differ significantly based on weather, areas treated, and number of hours of flight time, comparisons with other jurisdictions are not possible.

Cost per Hectare for Ground Application of Biorational Insecticides

Wpg. Trend	2006	2007	2008	2009
	\$1,232	\$686	\$922	\$466

The cost per hectare is directly related to weather conditions and includes fixed and variable costs. In 2006, only 25% of the normal hectares were treated because of the drier than normal conditions. Therefore the cost per hectare in 2006 increased significantly because fixed costs are high.

Cost per Hectare for Residential Nuisance Fogging

Wpg. Trend	2006	2007	2008	2009
	\$51.10	\$29.34	\$24.06	\$26.00

2006 costs per hectare were higher due to fixed costs such as installation, calibration and takedown of fogging equipment, and setup of technology systems for a small number of actual fogging days (four).

Animal Services (SOA)

Description

To provide animal control measures under the City of Winnipeg Act and related by-laws. The Agency's service consists of four sub-service areas:

- Licensing: Animal licensing and registration, animal permits.
- Kenneling: Kenneling and care for stray animals and dogs running at large picked up by the Agency, quarantine kenneling for biting dogs.
- Adoption/Community Education: Provides adoption opportunities for unclaimed dogs reducing euthanasia. Provides outreach pet ownership and animal safety education to school groups and various service organizations.
- By-Law Enforcement: Enforcement of all animal related by-laws, neighbourhood dispute resolution, investigation and response, picking up injured animals, after hours emergency response, investigation of illegal animal complaints.

Key Goals

1. Reduce reliance on the Agency's mill-rate support.
2. Increase customer service and satisfaction.
3. Improve health and safety of neighbourhoods.
4. Improve the Agency's public image.
5. Increase public awareness and participation.
6. Further develop partnerships.

Animal Services is a Special Operating Agency (SOA) with its own operating charter approved by Council. Grant from City is administered through the Community Services Department.

Note: 2011 "Other" expenses include the following:

Winnipeg Humane Society service agreement for animal welfare, stray cat kenneling, injured animal pickup	0.425
Accommodation charges	0.212
Fleet charges	0.124
Winnipeg Humane Society subsidized cat spay and neuter program	0.075
Scotia Enterprises service agreement for animal control in Tuxedo/Charleswood	0.050
Winnipeg Humane Society See Spot Read Program one time grant	0.030

Explanation of 2011 Change from 2010

(in millions of \$)

1 Revenues:

Increase in transfer from general revenue fund for Winnipeg Humane Society	0.180
Increase in license revenues	0.010
Sponsorship revenues	(0.050)
	0.140

2 Expenses:

Increase in funding to the Winnipeg Humane Society	0.180
Miscellaneous adjustments	0.059
	0.239

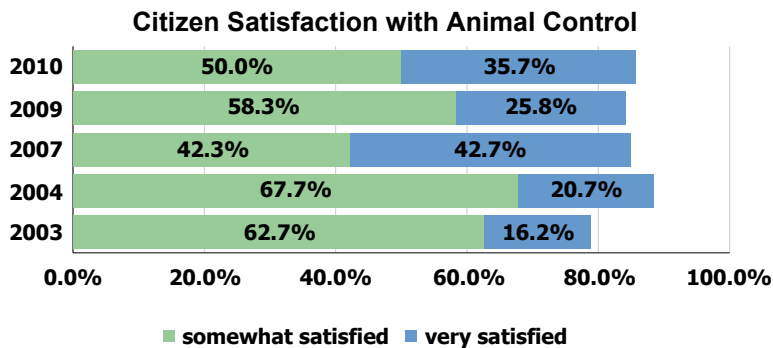

Full-time Equivalent Positions

Temporary staff increase due to number of service requests and refinement of the service based view.

Animal Services (SOA)

Performance Measurements

Effectiveness Measurements

Citizen satisfaction with animal control continues to remain high with approximately 86% of respondents indicating they were satisfied.

	2003	2004	2007	2009	2010
Total Satisfied	78.9%	88.4%	85.0%	84.1%	85.7%

Number of Dog Licenses/Registrations Issued per 100,000 Population

Wpg. Trend	2005	2006	2007	2008	2009
	5,996	5,371	5,190	5,152	4,988

The number of licenses issued has not proportionately matched the growth in the population of Winnipeg.

Percentage of Dogs Returned to Owner

Wpg. Trend	2005	2006	2007	2008	2009
	54.8%	52.8%	51.4%	54.6%	55.2%

The number of active dog licenses affects the number of dogs euthanized, returned home to their owners or placed in an alternative shelter if unclaimed.

Overall numbers have remained fairly constant over the last five years.

Animal Services (SOA)

Efficiency Measurements

Animal Control By-Law Enforcement Operating Costs per 100,000 Population

Wpg. Trend	2005	2006	2007	2008	2009
	\$320,088	\$330,845	\$339,856	\$330,064	\$357,276

The Animal Services Agency strives to keep its reliance on the tax supported subsidy. Even with high fuel costs and other operating costs increasing, the Agency maintains the cost of animal control service below \$360,000 per 100,000 population.

This performance metric is based on the Agency's Audited Financial Statements.

Cost per Sheltered Animal

Wpg. Trend	2007	2008	2009
	\$266	\$260	\$253

Cost per sheltered animal includes animals sheltered by the City of Winnipeg and associated costs. Sheltered animals and costs associated with the Winnipeg Humane Society and Scotia Enterprise service contracts have been excluded.

This performance metric is based on the Agency's Audited Financial Statements.

Cost per Dog Adopted

Wpg. Trend	2007	2008	2009
	\$437	\$301	\$135

Advertising adoption dogs on www.petfinder.com contributed to a significant increase in the number of dogs adopted. The total number of dogs adopted in 2009 increased 62% from 235 to 381, thereby decreasing the cost per adoption.

This performance metric is based on the Agency's Audited Financial Statements.

Percent Recovery of Animal Control Costs

Wpg. Trend	2007	2008	2009
	44.6%	45.4%	43.6%

Revenues have not increased at the same rate as expenditures.

This performance measure is based on the Agency's Audited Financial Statements.

Organizational Support Services

Includes:

- Chief Administrative Offices
- Communications
- Financial Management
- Human Resource Management
- Information Technology Management
- Legal Services
- Production Services

Description

Organizational Support Services provides leadership and professional services to support the delivery of public services to the citizens of Winnipeg. By providing financial, human resource, and other specialized services, Organizational Support Services ensures that the civic organization has the capability and technical expertise to support the delivery of public services.

Key Goals

1. To provide organizational leadership in implementing Council's policies and priorities through proactive organizational planning, effective issues management, strategic communications, the provision of professional advice and follow-up through report management.
2. To provide sound financial stewardship towards responsible City government by strengthening financial performance, improving information for decision-making and managing risks and exposures.
3. To provide the organization with efficient and effective human resource management support in order to sustain a diverse, respectful, safe, healthy and productive workforce.
4. To facilitate, guide and assist departments in the determination of information technology solutions that drive business value within departments.
5. To provide a full range of legal services to Council and its committees, the Chief Administrative Officer, and the civic public service.
6. To deliver effective and cost efficient printing, graphic design, translation and mail services to the civic public service and elected officials.

Assessment, Taxation and Corporate

Includes:

- Assessment and Taxation
- Corporate Accounts

Description

To provide timely and accurate property and business valuations, tax billing and collection services.

General revenue and corporate expenses/savings that are not attributable directly to any other public or internal service, include:

- Taxation revenue and tax credits.
- Unconditional grants from the Province of Manitoba.
- Provincial payroll tax and offsetting support grant from the Province.
- Revenue from sale of Winnipeg Hydro/utility dividend.
- Pension contribution adjustments.
- Interest income.
- Debt and finance charges not attributable to any other City services.
- Provision for risk factors.

Key Goals

1. Provide valuations that are accessible to the public.
2. Reduce the financial risk of assessment appeals.
3. Provide accurate valuations that are fair and timely.
4. Enhance the understanding of valuations and their underlying principles both internally and externally.
5. Deliver a timely, accurate tax billing and collection service.
6. Improve customer service.

Contact Centre - 311

Description

To provide accurate information and enhanced customer service through requests for nonemergency services to the citizens and customers of the City of Winnipeg through a single point of contact.

Key Goals

1. Improve citizen satisfaction through the ease of use and access to 311.
2. Improve call tracking capabilities to better analyze citizen needs for service.
3. Improve City services through results management.
4. Improve service request routing and tracking to ensure accountability to citizens.

Service Level Statistics

Description	2009
Total Calls Received	1,930,999
Total Calls Answered	1,584,324
Number of Service Requests	175,125
Number of Information Requests	1,079,953
Number of Emails	41,662
Average Talk Time (in minutes)	3:07
Average Wait Time (in minutes)	1:37

Note: The difference between Total Calls Received and Total Calls Answered is due to a combination of abandoned calls, as well as the use of an Interactive Voice Response (IVR) system which answers the caller's question without needing to speak to an agent.

Audit

Description

The purpose of the Audit Department is to provide independent and objective information, advice and assurance with respect to the performance of civic services in support of open, transparent and accountable government. The Audit Department's primary client is City Council, through the Audit Committee (Executive Policy Committee). The value to Council is the ability to use credible information to make better decisions and to hold the Public Service accountable. Stakeholders are civic managers and citizens who are the recipients of our public reports.

Key Goals

1. To provide independent and objective assurance on the efficiency and effectiveness of City operations as well as timely, relevant and value-added recommendations for improvement.
2. To influence organizational outcomes and accountability by promoting good governance, effective risk management and controllership, and comprehensive and transparent performance information.
3. To deliver high quality, cost-effective audit services.

Council Services

City Clerks

Description

The City Clerk's Department provides direct policy, procedural and administrative services to City Council, Executive Policy Committee, Standing Policy Committees, the Mayor's Office and Senior Administrators. The department is the communication and information backbone to the decision-making process. It captures and maintains a complete / accurate record of all Council decisions since the City's inception.

The Department is the gateway to the City for the public, providing access to information about the City, its services and the decision-making process.

The City Clerk's Department has statutory responsibility for the administration of elections and by-elections as designated by The City of Winnipeg Charter, The Municipal Councils and School Boards Elections Act and for various operational activities related to the administration and support of Council and its Committees under The City Organization By-law No. 7100/97. The City Clerk is also designated as the head of the public body under The Freedom of Information and Protection of Privacy Act (FIPPA). The Department leads the City-wide Records Management program and preserves civic history through the operation of the City Archives.

Key Goals

1. Improve customer service through the support and implementation of Council direction.
2. Enable cost savings and improve delivery of services to Council and the public through the ongoing development of information technology by continuing to enhance e-government and other electronic systems.
3. Review existing systems to ensure they are in keeping with changing environmental conditions and making full usage of technology and processes to reduce costs and maximize efficiency.
4. Ensure democracy at the local government level with ongoing election planning and delivery for by-elections and general elections.

	Number of lost time injuries/100 workers/year	6.9	7.3	7.1

[A] Statistical measures relative to the International Association of Assessing Officers (IAAO) Standards are determined at the time of General Assessment. The measures indicate accuracy, uniformity and equity of appraisals relative to market value. The IAAO standards for 2007 and 2008 were actually achieved as part of the 2006 General Assessment and were valid throughout the four-year assessment cycle (2006, 2007, 2008 and 2009). The measures will be reviewed in the 2010 General Assessment.

[B] The ISO quality standard specifies requirements for a quality management system where an organization needs to demonstrate its ability to consistently provide a product or service that meets customer and applicable regulatory requirements, and aims to enhance customer satisfaction through the effective application of the system. By being ISO 9001:2000 certified the Department has positioned itself among the industry leaders in the field of valuation and taxation.

[C] Health and Safety are included in these numbers. Payroll/timekeeping are included in Finance costs.

[D] Length of time is measured from job closing date to the date the person starts in the position.

[E] Recruitment and selection in these areas are very specialized and intensive, including multiple steps.

[F] "In-house" training refers to that organized, registered and/or delivered by City employees.

Exclusions 1. Police Recruit Training which is 37-weeks long; 2. Fire/Paramedic Training; 3. "External Training" – which is measured by number of people, not training hours; and, 4. Transit Driver Training.

Benchmarking

Credit Ratings of Canadian Cities - 2009

City	Moody's	Standard & Poor's
Winnipeg	Aa1	AA
Calgary	no rating	AA+
Edmonton	no rating	AA+
Vancouver	Aaa	AA
Ottawa	Aaa	AA+
London	Aaa	no rating
Montreal	Aa2	A+
Toronto	Aa1	AA
Hamilton	no rating	AA

Winnipeg's credit rating is similar to other Canadian cities.

Direct Debt as a Percent of Operating Revenues - 2008

Winnipeg's direct debt as a percentage of operating revenues is below the average of 54.2% compared to other major Canadian cities.

Wpg. Trend	2005	2006	2007	2008	2009
	44.6%	42.1%	36.2%	41.7%	n/a

Municipal Property Taxes on Average Home (2009)

Winnipeg is at the lower end of property taxes on the average house.

Wpg. Trend	2005	2006	2007	2008	2009
	\$1,267	\$1,343	\$1,343	\$1,343	\$1,343

Organizational Performance Measurements

Benchmarking

Operating Expenditures per Capita - 2009 Actuals

Wpg. Trend	2006	2007	2008	2009
	1,155	n/a	1,309	1,393

In 2009, Winnipeg had the lowest net operating expenditures per capita from the eight cities selected. Expenditures were adjusted to match a similar basket of services between cities. Operating expenditures do not include housing and health, ambulance services, and social services. In addition, Edmonton excludes water.

Employees per 1,000 Population - 2008

Wpg. Trend	2005	2006	2007	2008	2009
	13.4	13.5	13.0	12.6	n/a

Winnipeg's civic workforce per 1,000 population is among the lowest compared to other Canadian cities.

Note: In the benchmarking chart, the data has been adjusted to match a similar basket of services. Ontario cities data has been adjusted to remove ambulance, social services, public health and housing. For Winnipeg, Edmonton, and Calgary, ambulance was not included. For Saskatoon, the Electric Utility was removed and libraries was added.

In the Winnipeg trending table, all city services are used, including ambulance.

UTILITY DIVIDEND POLICY

Policy Statement

The utility will pay an annual dividend to the City of Winnipeg based on budgeted gross sales for the current year.

Purpose

The purpose of the utility dividend policy is to set fiscal guidelines to govern the dividend payment from the utility to the City of Winnipeg.

Definitions

1. **Dividend Payment** – is the annual amount payable to the City by the utility.
2. **Gross Sales** – The total water and sewer services rate revenues in a fiscal year.
3. **Utility** – includes both the City of Winnipeg water utility and sewer utility, but does not include the City of Winnipeg solid waste utility.

Procedure

The Dividend Payment to the City will be 8% of budgeted Gross Sales, which will be transferred to the City in each year.

Review

City Council will review this policy every four years (within three months of each new term of Council).
