President's Message:

Meeting With Mayor O'Brien

Sisters and Brothers,

On April 12 2007 we had a meeting with Mayor O'Brien. We talked about some of the concerns that we have with Transportation and Equipment. We also talked about the Health Tax issue, and Mayor O'Brien promised to look into this matter.

We will be having a follow-up meeting with Mayor O'Brien as well as Alain Mercier on May 18 2007. We will keep you informed of the outcome.

Invero Bus

We are working hard trying to find the reason why some of our Drivers are getting sick when they drive these Buses.

Please be advised that if these Buses make you sick when driving them you have a right to refuse to drive them for Health & Safety reasons. Your Employer has a Legal obligation to provide you with a Safe and Healthy work environment.

"Respect is a two way street" You should always treat your passengers with Respect and your passengers should also respect you.

"United we stand, divided we fall"
WE NEED A UNITED FRONT!

Solidarity forever,

Andy Cornellier
