Notes / Narratives

On May 28, 2019, at approximately 1425 hours, I was working as a patrol officer in full duty uniform when I was dispatched to the District II lobby reference a sex crime. Additional comments stated an assault and public sexual indecency occurred on Sunday in the parking lot of the [REDACTED] Condos located at [REDACTED]

Upon arrival at the District II lobby I met with the RP, Fayola Dozithee. Fayola told me the following. Fayola said she works for [REDACTED] Agency as a security guard and was working at the [REDACTED] Condos on May 26, 2019, at about 2 am when this incident occurred. She continued to say that her first interaction with the resident and his friends was on May 25, 2019 at about 11pm. She further added that she was able to identify the resident as Auston Matthews who resides in building [REDACTED]

Fayola said she noticed the group of guys leaving the complex at about 11pm on the 25 of May. She performed her normal duties at the Condo and then about 2am on May 26, she had sat in her vehicle as she normally does to complete some paperwork. As she was sitting in her vehicle, she heard what sounded like her car door attempting to be opened. She said she always sits in her vehicle with the door locked, due to the time and her being a female. As she heard this, she looked back and noticed some movement outside the window. Fayola therefore jumped out of her vehicle to find out who was trying to get in her car.

After she exited her vehicle, she noticed it was Auston and his friends. She stated she confronted them and the response from Auston was they wanted to see what she would do and they believed it would be funny to see how she would respond. Fayola found this very disturbing and put her on edge. Fayola said she told Auston and his friends, "I am a female, I am a military vet with sever PTSD". She also told them it wasn't funny and how could they think it would be funny to try and get in a female's vehicle at 2am in the morning. Fayola did add that the group of males appeared to be intoxicated.

She continued to say that Auston still would say that he thought it was funny. Fayola said she then began to tell them to just leave. Auston's friend then stepped in and tried to calm Fayola down and also asked her not to tell management. As the friend was speaking to Fayola, she said Auston began to walk away and after he walked some distance, Auston pulled his pants down, bent over and grabbed his butt cheeks. I tried to clarify with Fayola if she saw skin or was he wearing underwear. Fayola said she knew he had his boxers on, and she did not see his butt.

Fayola then stated that after they all left she continued with her work and at about 2:30am she was doing her rounds and came upon one of Auston's friend who was also with a female. The friend again asked Fayola if sh was going to notify management at which time she said that there are cameras that captured them and the management will be advised.

During our conversation, Fayola appeared to be very disturbed over the situation. She also mention a few times that she was a female sitting in her car, who knows what they intended to do and the fact it was more than one guy. I also explained to her that the crime we had was disorderly conduct and she said she wanted to press charges against Auston. I explained to her that I would attempt contact with Auston as well, [REDACTED] Fayola also made a comment something to the fact of noone should be put through that type of situation.

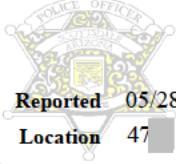

This concluded my contact with Fayola.

Notes / Narratives

On May 30, 2019, at approximately 1536 hours, I responded to the [REDACTED] Condos at [REDACTED]. I initially went into the front office and met with Manger Laura. Laura asked if I was there to see the video and then showed me a video clip from a surveillance camera. The video was of a male subject walking toward the elevator that had his pants down around his ankle. In the video you could see that the subject was wearing a shirt, and underwear as well. This confirmed what Fayola had told me.

Laura did not provide me with any personal information but just confirmed that his name was Auston Matthews. She did say that Auston was a major hockey player.

I then went up to [REDACTED] in building [REDACTED]. I knocked several times on the front door and rang the doorbell, but no one answered the door. I therefore left the area.

I have changed the status of this case to further investigation due to the fact I will attempt additional contact with Auston in order to speak with him [REDACTED]

No further information.
