

HEALTH CARE RALLY

FEATURED SPEAKER

RICHARD BAKER

Richard Baker has worked for such well known companies as Procter and Gamble (Toronto), Merrill Lynch, Baker Lovick B.B.D.O. and J. Walter Thompson.

Since founding Timely Medical Alternatives in 2003, Richard has become one of the leading spokespeople for reform of our current monopolistic healthcare system. As such, he is often called upon for media interviews and speaking engagements throughout North America. - Timely Medical Alternatives has been featured in the Wall St. Journal, the Toronto Star, the Globe & Mail, the National Post, the Montreal Gazette, the Vancouver Sun, and the Vancouver Province among others.

Baker has been quoted as saying that "the Canada Health Act, which outlaws private surgery in Canada, has caused more pain, suffering and death, than any other piece of domestic legislation in the history of the country."

LEARN HOW TO STOP

- Rationed care
- Denied treatment for chronic conditions
- Loss of ability to choose a doctor
- Long waits to see a doctor
- Increased taxes
- All private medical records in Federal data base.
- Health care decisions being made by bureaucrats rather than doctors and patients.
- Learn the truth about the 46 million so-called uninsured.
- LOSS OF INDIVIDUAL FREEDOM
- And much more

Whatever
government
gives. It can
take away!

Hear national experts on health care • Hear from people who were victims of socialism • Learn about free market alternatives. Learn about real solutions to the health care problems without increased government and increased taxes • Why universal access, affordability and high quality care are impossible to deliver without severe rationing of care.
