STATEMENT OF FINANCIAL INFORMATION
SCHOOL DISTRICT NO.39 (VANCOUVER)
FISCAL YEAR ENDED 2011 JUNE 30

MANAGEMENT REPORT

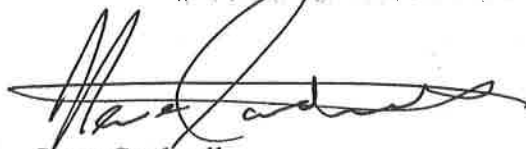

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian Generally Accepted Accounting Principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all the other schedules of financial information and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, KPMG LLP Chartered Accountants, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

On behalf of School District No.39 (Vancouver)

Steve Cardwell,

DECLARATION AND SIGNATURES

SCHOOL DISTRICT MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements and supporting schedules of The Board of Education of School District No. 39 (Vancouver) ("the Board") have been prepared by school district management which has responsibility for their preparation, integrity and objectivity. The financial statements and schedules, including notes, have been prepared in accordance with Canadian generally accepted accounting principles for not-for-profit organizations.

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school district's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that the accounting records may be relied upon to properly reflect the school district's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong budgetary system of control.

The Board's Responsibility

The ultimate responsibility for the financial statements lies with the Board. The Board has reviewed and approved the financial statements.

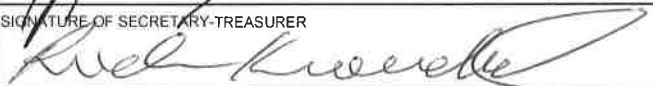

External Auditors

The Board appoints external auditors to audit the financial statements. The external auditors have full and free access to school district records, and present their report to the Board.

Declaration of Management and Board Chairperson

To the best of our knowledge and belief, these financial statements and supporting schedules reflect, in all material respects, the financial position, revenue and expense, changes in fund balances, and cash flows for the year in accordance with Canadian generally accepted accounting principles for not-for-profit organizations.

We, the undersigned, certify that the attached is a correct and true copy of the Audited Financial Statements of School District No. 39 (Vancouver) for the year ended June 30, 2011.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the School District No. 39 (Vancouver)

We have audited the accompany financial statements of School District No. 39 (Vancouver), which comprise the statement of financial position as at June 30, 2011, the statements of operations, changes in net assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of School District No. 39 (Vancouver) as at June 30, 2011, and its statement of operations, changes in net assets and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary information included in Schedules A1 through C5 is presented for purposes of additional analysis and is not a required part of the financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

SCHOOL DISTRICT NO. 39 (VANCOUVER)
Notes To Financial Statements
Year Ended June 30, 2011

1. AUTHORITY

The School District operates under authority of the School Act of British Columbia as a corporation under the name of "The Board of Education of School District No. 39 (Vancouver)", and operates as "School District No. 39 (Vancouver)." A board of education (Board) elected for a three-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES

These financial statements have been prepared in accordance with Canadian Generally Accepted Accounting Principles for not-for-profit organizations (GAAP). These principles are consistent with those used in prior years.

The deferral method of accounting for contributions, which includes government grants, is used. Results are reported in the operating fund, special purpose funds and capital fund. Revenues and expenses are recorded on a gross and accrual basis.

Statement 2 (Statement of Revenue and Expense), Statement 3 (Statement of Changes in Fund Balances) and Statement 4 (Statement of Cash Flows) present annual results of each fund, the change in fund balances and cash flows for the year. Statement 1 (Statement of Financial Position) presents the assets, liabilities and fund balances. Interfund transfers and interfund loans are recognized in each fund and eliminated in the consolidated totals.

a) Fund Accounting

The resources and operations of the School District are segregated into various funds for accounting and financial reporting purposes based on the types of restrictions on the use of contributions by governments or other granting agencies, and appropriations or other internal restrictions by the Board. While separate accounts are maintained for each fund, for financial reporting purposes, funds with similar characteristics are grouped together as outlined below:

- Operating fund reports assets, liabilities, revenues and expenses for general operations.
- Special purpose funds report assets, liabilities, revenues and expenses for:
 - Contributions restricted in use by the School Act or Ministry of Education.
 - Contributions restricted in use by other external bodies.
 - Funds collected for a specific purpose and used for that purpose at the school level (i.e. school-generated funds).
- Capital fund reports assets, liabilities, revenues and expenses for capital. Resources of other funds used for capital purposes are transferred to the capital fund.

b) Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities with original terms to maturity of three months or less when purchased.

c) Short Term Investments

Short Term Investments include securities, largely GICs and term deposits, with original terms of greater than three months which mature within one year. The investments are classified as held for trading and recorded at fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES (Continued)

d) Accounts Receivable

Accounts receivable are shown net of allowance for doubtful accounts (see Note 3). The accounts receivable are classified as loans and receivables and recorded at amortized cost.

e) Inventories

Inventories consist of supplies held for consumption in central storage. Inventories are available for issue to any fund as required. When an item is issued, the cost is transferred to the appropriate fund. Inventories are measured at the lower of cost and the current replacement cost. If there is a subsequent increase in the value of inventories, a reversal of previous write-downs will be recorded.

f) Prepaid Expenses

Prepaid expenses consist mainly of annual maintenance contracts, prepaid rent, and membership dues paid for near the end of the current fiscal year but for use during the following fiscal year.

g) Capital Assets

Expenditures, which replace or provide new tangible assets, enhance the service potential or extend the life of existing tangible assets or lower operating costs associated with tangible assets are capitalized.

The following criteria apply:

- Capital assets acquired or constructed are recorded at cost. Donated capital assets are recorded at their fair market value on the date of donation.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Capital assets that no longer contribute to the district's ability to provide services are written down to residual value.
- Amortization is recorded on a straight-line basis over the estimated useful life of the asset. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Hardware	5 years
Computer Software	5 years

h) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of property to the Board are considered capital leases and are accounted for as an asset and an obligation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES (Continued)

i) Revenue Recognition

Unrestricted operating government grants are recognized as revenue when received. Grants, contributed for a future period, are deferred and reported as deferred contributions until that future period. Other unrestricted revenue, including tuition fees and sales of services and products are reported as revenue at the time the services are provided or the products are delivered.

Externally restricted contributions - grants and donations - are recognized as revenue depending on the nature of restrictions imposed on the use of the funds by the contributors:

- Non-capital contributions for specific purposes are recorded as deferred contributions and recognized as revenue in the year in which the related expenses are incurred.
- Contributions restricted for capital asset acquisitions are recorded as deferred contributions until the amount is invested in capital assets.
 - If the capital asset is a site, the amount invested is recorded as a direct increase to net assets invested in capital assets.
 - If the capital asset is not a site, the amount invested is recorded as a deferred capital contribution and amortized over the useful life of the asset.
 - Donated capital assets are recorded at fair market value.

j) Expenses

Categories of salaries

- Principals, Vice Principals, and Directors of Instruction employed under an administrative officer's contract are categorized as Principals and Vice Principals.
- Superintendent, Associate Superintendents, Secretary Treasurer, Trustees and any other employees excluded from union contract are categorized as Other Professionals.

k) Financial Instruments

Financial instruments consist of cash, cash equivalents, short-term investments, investments, accounts receivable, bank loans, accounts payable, and accrued liabilities. Unless otherwise noted, it is management's opinion that the School District is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values, unless otherwise noted.

All of the School District's short-term investments and investments are designated as held for trading investments. Held for trading investments are recorded at fair value and any changes in fair value are recognized as investment income in the statement of revenue and expense.

Loans and receivables are measured at amortized cost using the effective interest rate method. Other liabilities, which include the long term debt, obligations under capital leases, and asset retirement obligations are recorded at amortized cost.

SCHOOL DISTRICT NO. 39 (VANCOUVER)
Notes To Financial Statements
Year Ended June 30, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES
(Continued)

The Board has elected to continue to apply the financial instrument disclosure and presentation standards in accordance with Section 3861.

l) Use of Estimates

Preparation of financial statements requires management to make estimates and assumptions that impact reported amounts for assets and liabilities at the date of the financial statements and revenue and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization, estimated employee future benefits, provisions for contingent liabilities and asset retirement obligations. Actual results could differ from those estimates.

m) Employee Future Benefits

The School District provides certain post-employment benefits including vested sick leave, vacation pay, early retirement allowance and death benefits for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs under employee future benefit plans. The future benefits cost is actuarially determined using the projected unit credit method pro-rata on service and using management's best estimate of expected salary escalation, termination and retirement rates and mortality. The discount rate used to measure obligations is based on market rates at the measurement date.

The excess of cumulative unrecognized actuarial gains (losses) over 10 percent of the accrued benefit obligation is amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan. The EARSL for employees of the School District is 11.6 years.

The most recent valuation of the obligation was performed at March 31, 2010 and projected to June 30, 2011 and for the following years up to June 30, 2014. The next valuation will be performed at March 31, 2013 for use at June 30, 2013. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods.

n) Future Accounting Framework

On September 7, 2010, the Board was directed by the Treasury Board to adopt Public Sector Accounting Standards (PSAB) without not-for-profit provisions from the first fiscal year commencing after January 1, 2012. The Board is still in the process of determining the impact of PSAB to the financial statements in consultation with the Office of the Comptroller General.

10. EMPLOYEE PENSION PLANS

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan, jointly trusted pension plans. The boards of trustees for these plans represent plan members and employers and are responsible for the management of the pension plan including investment of the assets and administration of benefits. The pension plans are multi-employer contributory pension plans. Basic pension benefits provided are defined. The Teachers' Pension Plan has about 47,000 active members from school districts, and approximately 29,000 retired members from school districts. The Municipal Pension Plan has about 163,000 active members, of which approximately 23,000 are from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and the adequacy of plan funding. The most recent valuation of the Teachers' Pension Plan as at December 31, 2008 indicated a \$291 million unfunded liability for basic pension benefits. The next valuation will be as at December 31, 2011 with results available in 2012. The most recent valuation for the Municipal Pension Plan as at December 31, 2009 indicated an unfunded liability of \$1,024 million for basic pension benefits. The next valuation will be as at December 31, 2012 with results available in 2013. The actuary does not attribute portions of the unfunded liability to individual employers. The School District paid \$44,953,866 (2010 - \$42,432,299) employer contributions to these plans in the year ended June 30, 2011.

b) Capital Fund Balance, End of Year

The Internally Restricted Capital Fund represents the balance from the Local Capital Reserve. The use of this fund is entirely at the discretion of the School District. Appropriations from this fund are made to finance projects as determined by the Board.

15. UNFUNDED ACCRUED EMPLOYEE FUTURE BENEFITS AND VACATION PAY

It is planned that the unfunded liability for accrued employee future benefits will be eliminated over the next twenty years.

Unfunded Accrued Employee Future Benefits and Vacation Pay, as at July 1, 2010	\$ 2,655,278
Reductions during the year	132,764
Unfunded liability, as at June 30, 2011	\$ 2,522,514

a) Capital Expenditures

At June 30, 2011 the total unexpended amount remaining on approved capital projects was \$42,184,404 (2010 - \$25,697,112).

b) Operating Leases

The School District entered into an operating lease with Bentall Corporation (Bentall) in June 1998 for the lease of land from the School District. The agreement provides for the lease of land for 99 years and permitted the construction of residential and commercial buildings. All the rights and benefits of ownership of the residential and commercial property reside with Bentall. Lease revenue of the land was prepaid in full (\$16,996,000) in

Notes To Financial Statements
Year Ended June 30, 2011

16. CONTRACTUAL OBLIGATIONS (Continued)

1998. The School District has deferred the prepaid lease revenue and recognizes the revenue over the term of the operating lease.

c) Purchase Orders

As at June 30, 2011, the Vancouver School Board has outstanding purchase order commitments for Operating Funds of \$2,304,819 (2010 - \$1,629,297), and outstanding purchase order commitments for Special Purpose Funds of \$3,040,029 (2010 - \$3,335,330).

17. CONTINGENT LIABILITIES

The nature of the School District's activities is such that there is usually litigation pending or in process at any time. With respect to unsettled claims at June 30, 2011, management believes the School District has valid defenses and appropriate insurance coverage in place. In the event that any claims are successful, management believes that such claims are not expected to have a material effect on the School District's financial position.

A class action lawsuit was certified against the School District seeking recovery of tuition fees paid for summer school courses in prior fiscal periods. The outcome of this action and any potential financial consequences are unknown at this present time.

18. OTHER REVENUE – OPERATING FUND

Other Revenue reported under the operating fund includes the following:

	<u>2011</u>	<u>2010</u>
Summer School Fees	\$ 408,110	\$ 291,696
Continuing Education	1,393,525	2,022,399

Total	<u><u>\$ 20,632,026</u></u>	<u><u>\$ 22,160,805</u></u>

19. INTERFUND TRANSFERS

Interfund transfers among the operating fund, special purpose fund and capital fund are reported in Statement 3 (Statement of Changes in Fund Balances). For the year ended June 30, 2011, transfers, as approved by the Board, were as follows:

a) Capital Assets Purchased

- Transfer of \$2,644,644 from the operating fund to the capital fund to reflect the capital assets purchased from the operating fund during the year.
- Transfer of \$11,759,838 from the special purpose funds to the capital fund to reflect the capital assets purchased from these funds during the year.

19. INTERFUND TRANSFERS (Continued)

b) Local Capital

- Transfer of \$2,719,990 from the operating fund to local capital .
- Transfer of \$675,000 from local capital to the operating fund to fund 2011/2012 Budget.

c) Other

- Transfer of \$376,715 from the operating fund to the special purpose funds for Pay Equity Allowance and negotiated compensation adjustments.
- Transfer of \$100,000 from the operating fund to the capital fund to reflect a principal payment of the ten-year demand bank loan.
- Transfer of \$7,995 from the operating fund to the capital fund, and \$14 from the capital fund to the special purpose funds to reflect capital lease payments during the year.
- Transfer of \$277,838 from the special purpose funds to the operating fund to reflect admin overhead for special purpose funds.

20. RELATED PARTY TRANSACTIONS

The School District is related through common control to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are generally considered to be in the normal course of operations and are recorded at the exchange amount.

On December 1, 2010, the School District entered into a purchase and lease agreement with the University of British Columbia (UBC) with respect to land and a building located at the corner of 16th Avenue and Ross Drive on the UBC campus. The land will be leased for \$1.00 over the 99 year-term, which starts May 1, 2011 and ends April 30, 2110. The building was purchased for \$8.0 million and is the former National Research Council (NRC) building. It will be expanded and converted into a Secondary School and will be occupied in September 2012.

The lease and building purchase resulted in an increase to capital assets – work in progress – buildings of \$8 million.

21. ECONOMIC DEPENDENCE

Operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared in accordance with Canadian GAAP for not-for-profit organizations. This contemplates continuation of the School District as a “going concern”.

22. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform to the current year’s presentation.

23. CAPITAL DISCLOSURES

The Board considers its capital to be its fund balances, operating, special purpose and capital. The internally restricted fund balances consist of amounts for current and potential commitments (see Note 15) and amounts invested in capital assets. The Board's objective when managing its capital is to safeguard its ability to continue as a going concern so it can continue to provide services to its students. Under the School Act the Board is not permitted to incur deficits without the approval of the Minister of Education. Annual budgets are developed and monitored to ensure the Board's capital is maintained at an appropriate level.
