RE: **Class Size Report: 2012**

Background and Context

In May 2012, Bill 22 was introduced to amend the *School Act* provisions regulating class size and composition. Subsequently, the class size regulation was also changed. These changes have resulted in differences in the way districts report class sizes. This report is provided for information.

The following summarizes the changes that took effect with the new legislation.

- a) District class size averages have been removed
- b) Class size limits are now in affect as follows:
 - Kindergarten classes: 22 students
 - Grades 1 to 3 classes: 24 students
 - Grades 4 to 12: 30 students (excluding those classes listed below)
- c) A list of classes excluded from the limit of 30 students in grades 4 to 12
- d) Reporting and teacher consultation processes regarding classes where there are more than three students with an IEP has been removed

Table A: Classes that are excluded from the size limit of 30 students as per Bill 22

- a class conducted by means of distributed learning
- a class that is part of an alternate program
- a class that meets for the purpose of a work study or work experience program
- a class that is limited to students enrolled in a specialty academy, as defined in section 82.1(1) of the Act
- a music class, including band, choir, instrumental music and orchestra
- a performing arts class, including drama and dance
- a Planning 10 class
- a board authorized leadership course.

Vancouver School District Class Size Information

The following summarizes the class size information for Vancouver Schools.

1. Elementary

All elementary classes in Vancouver are in compliance with Bill 22 limits.

- Total number of elementary classes in Vancouver: 1229
- No Kindergarten class exceeds 22 students
- No Primary class exceeds 24 students
- No Intermediate class exceeds 30 students

Table B displays the number and percentage of elementary classes in terms of size.

2. Secondary

At the Secondary level that has been an overall decrease of classes over 30 as compared to previous years. The information on secondary class size has been categorized into two categories: those classes over 30 in the exempt category (as defined in Table A) and those classes over 30 in the non-exempt category.

a) Classes over 30 not including exempt classes

As of September 30, 2012, there were only four classes in the district (not including the exempt classes), which had more than 30 students. These four classes are part of a cohort of students at Vancouver Technical Secondary School.

Table C below provides the detail of each class.
