Nature of Requirements

The Department of Fisheries and Oceans (DFO), The Canadian Coast Guard (CCG) has a requirement to procure as a base requirement of seven (7) Search and Rescue Lifeboats (SAR). In addition to this base requirement, there is a provision for a bid option, whereby Canada may procure up to an additional three (3) SAR Lifeboats, which would be included in the total build quantity on or before contract award.

Canada will determine on or before contract award, the number of vessels, up to a maximum of ten (10) to be purchased and include

that number in the Contract at the bid price by the successful Bidder under the Request for Proposal (RFP).

The primary function of the SAR Lifeboats is maritime Search and Rescue which requires the vessels to conduct searches on the water, to respond to marine distress calls, and to provide assistance to disabled vessels, as well as to provide a variety of related services. Secondary functions include capabilities consistent with the CCG Fleet Mission Readiness Program, which includes: Maritime Security, Aids to Navigation, Environmental Response, Ecosystems and Oceans Science, Ecosystems and Fisheries Management, Conservation and Protection, and other related tasks such as assistance to other government departments.

There are options of up to six (6) additional boats.

Principal Particulars:

Vessel Dimensions

Length Overall:	19.0m
Length DWL:	17.5m
Beam, moulded	6.3m
Depth, moulded, at midship	2.58m
Hull draft, nominal:	1.67m
Propulsion Power, nominal:	2X1200KW
Displacement Loaded, nominal:	62.5 tonnes
Displacement Lightship, nominal:	53.6 tonnes

This procurement is covered by the Agreement on Internal Trade (AIT), and is exempt from the North American Free Trade Agreement (NAFTA) and the World Trade Organization Agreement on Government Procurement (WTO-AGP).

The Comprehensive Land Claim Agreement does not apply as delivery is not within a Land Claim Area.

The sourcing strategy related to this procurement is that all interested suppliers may submit a bid. In order to be considered compliant, bidders must meet all the Mandatory Requirements and obtain the required minimum 40% for each rated criteria for the technical evaluation criteria of the Request for Proposal.

The highest combined rating of 40% technical and 60% price compliant proposal will be recommended for award.

Delivery Date: Above-mentioned

The Crown retains the right to negotiate with suppliers on any procurement.

Documents may be submitted in either official language of Canada.

Access and terms of use
